

Nu Skin Clear Action®

Acne Medication Day Treatment

CLEARING BEYOND THE BREAKOUT

System Overview

Nu Skin Clear Action focuses on more than just the pimple. It's a comprehensive system to help clear the signs of past and present breakouts and to ensure the future healthy look of your complexion.

Product Overview

Clear away the past, present, and future signs of acne with Nu Skin Clear Action Acne Medication Day Treatment. This lightweight gel penetrates pores and dissolves clogs with a unique combination of two clinically proven ingredients—salicylic acid and mandelic acid (a lipid soluble alpha hydroxy acid or AHA)—to target present and future breakouts. While mandelic acid also gently exfoliates the skin to reduce discoloration and other signs of past acne, white tea extract, a powerful antioxidant, restores skin's natural resiliency. With a smoother, clearer complexion, you can face every day with confidence.

Target Audience

Men and women who have or have had blemish-prone skin, and anyone who experiences breakouts.

Benefits

This product addresses the PAST issues of blemish-prone skin in the following way:

- Mandelic acid helps reduce discoloration from past breakouts by gently exfoliating skin for a smoother, clearer appearance.

This product addresses the PRESENT issues of blemish-prone skin in the following ways:

- White tea extract is a powerful antioxidant that restores the skin's natural resiliency while supporting its resistance to the aging effects of the environment.
- Salicylic acid is a beta hydroxy acid that penetrates pores to eliminate most blemishes.

This product addresses the FUTURE issues of blemish-prone skin in the following way:

- Mandelic acid gently exfoliates the skin, helping maintain clear pores to prevent breakouts from reoccurring.

Key Ingredients

- **White tea extract**—a powerful antioxidant that restores the skin's natural resiliency.
- **Salicylic acid**—a beta hydroxy acid that penetrates pores to eliminate most blemishes.
- **Mandelic acid**—a lipid soluble AHA that gently exfoliates to reveal smoother, clearer skin.

Usage/Application

Use in the morning after applying toner. Dispense a pearl-sized amount onto fingertip, then in an upward, outward motion, lightly smooth over face and neck. Follow with the Nu Skin® SPF moisturizer of your choice. Avoid contact with the eye area.

Complementary Products

- **Epoch® Blemish Treatment**—a spot treatment that combines a proven pore-clearing acne ingredient (salicylic acid) with Job's tears, used historically in Asia to reduce redness, and yarrow, used for centuries to help soothe the skin. This product can be used with the Nu Skin Clear Action System in the first few weeks during the "flare up" stage.
- **Epoch® Glacial Marine Mud**—an all-over body mud that draws out impurities, removes dead skin cells, and nurtures skin with more than 50 skin beneficial minerals and trace elements.
- **Pharmanex® Cortitol®**—a unique dietary supplement that helps your body modulate healthy levels of cortisol, a stress hormone. Studies show this primary stress hormone can stimulate an overproduction of oil from the sebaceous glands in the skin. When this excess oil mixes with dead skin cells and bacteria, it can cause acne to develop or become worse. Cortitol combines natural ingredients that have been scientifically shown to have direct cortisol-balancing effects. These balancing effects in turn help you cope better and reduce stress.
- **Pharmanex® LifePak® Nano**—complete anti-aging nutrition that's highly absorbable by your body. LifePak Nano is made of the finest nutrients and provides exceptional nutritional support. As

Nu Skin Clear Action® Acne Medication Day Treatment

your skin is fighting acne, your antioxidant supply is being depleted, which can accelerate the aging process. Taking LifePak Nano will help you replenish this antioxidant supply.

- **Moisture Restore Day Protective Lotion SPF 15 Combination to Oily Skin**—contains colorless carotenoids, hydrates and protects skin, and shields against aging UVA and UVB damage.

Frequently Asked Questions

Does Nu Skin Clear Action Acne Medication Day Treatment provide sun protection?

Nu Skin Clear Action Acne Medication Day Treatment does not contain a sun protection ingredient; therefore, we recommend using a daily moisturizer with sun protection such as Moisture Restore Day Protective Lotion SPF 15 Combination to Oily Skin or Tinted Moisturizer SPF 15. We also recommend limiting sun exposure while using the Nu Skin Clear Action System.

Is Nu Skin Clear Action Acne Medication Day Treatment drying to the skin?

Nu Skin Clear Action Acne Medication Day Treatment is a specialized treatment product that contains several key ingredients to reduce breakouts and promote clearer skin. Some of these ingredients en-

hance exfoliation of dead skin cells to reveal smoother, clearer skin. For some individuals, these ingredients can also be drying to their skin. Begin by using a small quantity of Nu Skin Clear Action Acne Medication Day Treatment once every two to three days in order to give your skin time to adjust. Additionally, as with any treatment product, test the product on a small area of your skin to make sure you are not overly sensitive to the product. If you do have a sensitivity problem with the product, discontinue use. Nu Skin Clear Action Acne Medication Day Treatment is not a moisturizer. Use it as directed, and then follow with an appropriate daytime moisturizer such as Moisture Restore Day Protective Lotion SPF 15 for combination to oily skin.
