

# THE DIFFERENCE BEGINS WITH ME!

## Brush Up On Your Image and Styling Skills

First impressions count. First impressions are lasting impressions, and one never gets a second chance to create a good first impression.

We live in a highly visual society and in a competitive business world, where we are judged by our looks and the way we carry ourselves. Value judgements are made from our appearance within 10 seconds of meeting.

Your image is the impression you give to the world; it speaks loudly about “who you are” and impacts how you feel about yourself as well as how others perceive you. Take control of your visual image. You can enhance your face value by keeping a clear, radiant, smooth skin.

Indulge in an at-home spa experience with ageLOC™ Galvanic® Spa. Clinical studies have shown that the Galvanic® treatment increases the absorption of skin care ingredients for up to 24 hours post-galvanic treatment. That means ageLOC™ Galvanic® Spa amplifies the benefits of your skin care for better results. It's an addition to your skin care routine that you won't want to miss.

With my work, appearance is important. After I use the Galvanic® System II with Galvanic® Spa Facial Gel with ageLOC™, I like how it makes my face look fresh, my cheek lines and under-eye lines reduced, and my facial shape contoured. I know the Galvanic® treatment can pull out dirt from my skin like a detox facial, and I can see the result—my acne and pimples are less. My skin is smoother and my makeup is longer-lasting. It makes me feel confident whenever I go outside.

Krailada Lamwilaikeson, 25 years old, Business Owner, Thailand
