### Frequently Asked Questions

#### *Does MoisturShade® Liquid Finish have SPF protection?*

Yes, Nu Colour® MoisturShade® Liquid Finish has a UVA/UVB SPF 15 to preserve the youthfulness of your skin from the aging rays of the sun.

#### *How do I know what shade is best for me?*

Be sure to test the shade on your face instead of your hand or arm because face tones and body tones are not always the same. Place a small streak on your skin and blend part of it in. You will know you have found the right shade when the color blends unnoticeably with your skin color.
