

Gift Ideas for Children in The TOUCH Project

Here is a list of gift ideas submitted by TOUCH sponsors. Postage to Ukraine is not cheap so we recommend that you think of the size of the item when you are making a purchase. If you send candy, it is best to vaguely describe it on the custom forms or it may be returned as an agricultural product. "Season treats" might suffice. Also, please do not send guns, knives or any other weapon (real or play). There is enough violence in the world without providing these children any opportunities for more.

- A letter from their sponsor
