## **Anti-Plaque Fluoride Mouthwash**

AP-24 Anti-Plaque Mouthwash fights plaque with patented AP-24 technology and no harmful alcohols. Leaves a long-lasting fresh, clean mouth.

### **Benefits and Features**

- Contains fluoride which aids in the reduction of cavities
- Loosens and removes debris
- Gives fresh-breath feeling without negative effects of alcohol.
- Distributes the AP-24 anti-plaque agent to entire mouth.
- Alcohol-free formula, safe for the whole family—including kids.
- Five times the cleansing ingredients of other mouth rinses.
- No harmful anti-microbial agents.
- Helps reduce accumulation of plaque on teeth without harming natural micro-flora.
- Leaves long-lasting mouth freshness.
- Creates a smooth, just brushed mouth feeling.

### **Indication**

Aids in the prevention of dental cavities

### **Usage**

Adults and children 6 years of age and older: Use daily after brushing your teeth with a toothpaste. Vigorously swish about 10 milliliters of rinse between your teeth for 1 minute and then spit out. Do not swallow the rinse. Do not eat or drink for 30 minutes after rinsing. Instruct children under 12 years of age in good rinsing habits (to minimize swallowing). Supervise children as necessary until capable of using without supervision. Children under 6 years of age: consult a dentist or physician.

### **Warning**

For rinsing only. Do not swallow. Not to be used by children under 6 years of age. Keep this and all drugs out of the reach of children. In case of accidental overdose, seek professional assistance or contact a poison control center immediately.

### **Ingredients**

*Active:* Sodium Fluoride (0.02%).

*Plaque Fighting:* AP-24\*.
