

NU SKIN 180° NIGHT COMPLEX

YOUNGER LOOKING SKIN IS JUST A WEEK AWAY

NU SKIN 180° SYSTEM OVERVIEW

Your skin is telling you it's time to make a change. Decide today to look younger next week with Nu Skin 180°. Designed to reverse a range of aging effects, this system is clinically proven to refine texture, even skin tone, and diminish fine lines and wrinkles for an overall more youthful appearance.

PRODUCT OVERVIEW

Say goodnight to the signs of skin aging. Nu Skin 180° Night Complex features creatine to promote recovery from damage caused by exposure to environmental stressors. Created to enhance the skin's cellular recovery process while you sleep, this rich nighttime moisturizer promotes DNA repair, protects against free radical damage, and strengthens the skin's protective barrier. Wake up to a healthy, youthful complexion with Nu Skin 180° Night Complex.

TARGET AUDIENCE

Men and women who want to diminish the appearance of fine lines and wrinkles, improve their skin tone and texture, and reverse the signs of sun damage.

PRODUCT BENEFITS

- Promotes DNA repair, increasing the ability of cells to rebound from age and stress.
- Combats skin damage caused by sun exposure.
- Enhances skin's natural barrier function for silky-soft skin.
- Protects against free radicals with multiple antioxidants for glowing, healthy looking skin.

KEY INGREDIENTS

- **Creatine**—promotes skin protein production to diminish wrinkles while increasing cell recovery after UV exposure to keep skin smooth, soft, and vibrant.
- **Macadamia nut and meadowfoam seed oils**—provide rich emollience to maintain and protect the skin's vital moisture barrier.
- **Ginkgo biloba leaf extract, grape seed extract, and vitamin E**—soothe and comfort the skin as they neutralize skin aging free radicals.

USAGE

Use at night as the fourth step of the Nu Skin 180° System. Apply lightly in an upward, outward motion to face and neck, avoiding the eye area.

FYI

Skin is constantly assaulted by external aggressors that cause a cascade of free radical activity. This can lead to increased skin sensitivity, a breakdown in elastin and collagen, and premature aging. When functioning properly, the skin is in a constant state of recovery. Night Complex is designed to enhance the skin's natural nighttime recovery process in three key ways. First, multiple antioxidants protect against free radical degradation. Second, a barrier repair complex comprised of an optimal ratio of lipids, cholesterol, and fatty acids normalizes the skin's natural barrier function. And third, creatine promotes DNA repair and enhances cellular protein synthesis to diminish the appearance of wrinkles and enhance firmness.

COMPLEMENTARY PRODUCTS

texture, radiance, and pore size while it decreases the appearance of fine lines and wrinkles.

- **Tru Face® Essence Ultra**—The powerful science of Tru Face Essence Ultra helps restore facial firmness, promotes cellular energy production, and helps prevent future signs of aging.
- **Tru Face® Line Corrector**—features pro-collagen peptides that help soften moderate to deep lines around the mouth, eyes, and forehead.

FREQUENTLY ASKED QUESTIONS

Can I use Night Supply instead of Nu Skin 180° Night Complex?

Night Supply Nourishing Cream is similar in some ways to Night Complex. Both are nighttime moisturizers that help increase suppleness and restore the skin's natural moisture levels—Night Supply contains phosphatidylcholine, squalane, and shea butter while Night Complex features macadamia nut oil, lecithin, and linoleic acid. However, Night Complex provides additional anti-aging benefits with powerful antioxidants—grape seed extract, vitamins C and E, and creatine. At night, the skin recovers from oxidative damage triggered by free radical activity. Creatine assists the skin's natural cellular recovery process, helping repair damage caused by sun exposure. Thus, we

recommend that you always use Night Complex in conjunction with other Nu Skin 180° products.

My skin still feels a little dry after applying Nu Skin 180° Night Complex. Can I apply an additional moisturizer?

Many people—especially those with drier skin—like to use Night Supply Nourishing Cream with the Nu Skin 180° System. Always apply Night Supply after Nu Skin 180° Night Complex to avoid diminishing product efficacy.
