Tegreen97® contains a high concentration of 97% polyphenols, including catechins (eg. EGCg and EGC) - among the most potent natural antioxidants.

• 美國堪薩斯大學1997年研究發現，EGCg的抗氧化作用比維生素C強100倍，比維生素E強25倍。

Studies from Kansas University in 1997 show that EGCg neutralizes free radicals 100 times more effectively than vitamin C, and 25 times better than vitamin E.
