Millionaire Conference Speakers

Robert Wang
5 Million Dollar
Circle Member &
Team Elite 12 Years

"We have a choice — what we are today is the choice we made yesterday. No one can limit your potential or achievements in Nu Skin except yourself."

A former General Manager of an international company, Robert Wang likes teamwork and making things happen together. He says, "Small success is personal achievement, big success is from teamwork. So emphasize on teamwork — simplification is the key to make the system that works for you duplicable. Training is the way to increase that duplication and grow your team."

Minori Ishigami
1 Million Dollar
Circle Member &
Team Elite 5 Years

"The strength of a woman lies not in her beauty, but in her action-taking ability."

Witnessing companies file for bankruptcy was common place in Minori Ishigami's line of work in a financial firm that investigated the financial status of other companies. It was an uncomfortable experience for Minori. The fact that major corporations were not spared from financial ruin made her think seriously about her own future — what assurance was there in the corporate world? Nu Skin offered what she was looking for — to create a better future for herself and be in control of it.

Jonathan Hillbery
1 Million Dollar
Circle Member &
Team Elite 2 Years

"What makes Nu Skin unique is it offers a viable opportunity in good or bad times."

With 17 years of business ownership in the UK before joining Nu Skin, Jonathan Hillbery never worried about financial problems until the businesses he created were unable to adapt fast enough to the changing economic environment. Every attempt he made to recover put him deeper in misery. He had to find a way forward. He found that opportunity in Nu Skin. "I'm appreciating network marketing business and it's great to be able to help others every day through Nu Skin!"
