

THANKS

**FOR DEMONSTRATING THE DIFFERENCE
 @ OUR SUCESS SEMINAR!**

We would like to thank all of you for the enthusiastic and unwavering support that has made our "25 Years of Making Millionaires" Success Seminar last May 2009 a stunning success! The amount of positive feedback that we have been receiving has been simply overwhelming. Our deepest gratitude to all 2300 of you who attended each of the sessions!

The Millionaire Conference Session featured very powerful overseas speakers from the United States and Hong Kong. 1 Million Dollar Circle Members, Ty Bennett and Gary DeRitter from the United States delivered powerful messages from across the globe, showing how much potential this worldwide business truly has! 5 Million Dollar Circle Member, Tai Chi Kwan from Hong Kong delivered an inspiring message of how Nu Skin has given true freedom to him and how it can also give freedom to all who choose to build their futures on it. A powerful finale was given by our own Million Dollar Circle Members from Singapore and Malaysia proving that if they can do it, you can do it!

The Success Seminar Recognition Session was a touching celebration of all of our successes over the past months. From the New Executive to the New Million Dollar Circle Member, it truly demonstrates our difference in celebrating all successes, big and small. You are all testaments to the power of the Nu Skin business to constantly improve lives in a meaningful way. In this same session, we heard from Nu Skin Corporate speakers such as Joe Chang, Dan Chard, Melisa Quijano and Michael Chen touch on the many aspects that demonstrate our difference, namely in Products, People, Opportunity and Culture.

The Difference.Demonstrated Expo was fun-filled day of varied activities for our distributors, which included testimonials from our TRA™ Superstars, signing of the Singapore Anniversary Banners and many more games! VitaMeal lunchboxes, g3™ blend and TrimShake cookies were all sold out! Proceeds from the sale of our Pharmanex food and beverages, and Force For Good premiums; such as FFG watch and jackets raised a total amount of \$6,600 which allowed us to save lives of 9 children under the Southeast Asia Children's Heart Fund! That's one life saved in every hour of the Millionaire Conference and Success Seminar event you participated in! This is a demonstration that through all the merriment and celebration, we did not forget that we are here to be a force for good around the world.

Again, thank you very much for making our event another success. We hope that you were able to bring back valuable lessons and inspirations from our event. Don't forget that it doesn't stop there! Watch out for future communications about our next Success Seminar in Malaysia in September 2009.

Go Double!

25 YEARS OF CELEBRATING MILLIONAIRES
