ageLOC® GALVANIC SPA®

**PowerMask**

# To rescue dry skin!

## Dehydration is the main cause of skin aging

Skin is the largest organ in the human body which evaporated several hundred ml of water every day. When the moisture level of the skin cuticle decreases, some may experience dry and sensitive skin while some may even lead to fine lines and dullness. It may also accelerate the aging process and bring irreversible harm to the skin, causing prematurely aging and “dessert” dry skin.

## Keys to rescue dry skin – moisturizing, retaining moisture and anti-aging!

### MOISTURIZING · SKIN HYDRATION BLEND

A blend of trehalose, glycerin and charged hyaluronic acid that provides instant nourishment to the skin.

### MOISTURE RETENTION · CHARGED MOISTURE MAGNETS

When pair with ageLOC® Galvanic's current of ageLOC® Galvanic Spa®, the moisture magnets mobilize to deliver an intense surge of refreshing hydration to your skin while targeting aging appearance at its source.

### ANTI-AGING · ageLOC® BLEND

Targets the sources of aging to preserve the look of youth.
