

Nu Skin Clear Action® Toner

Clearing Beyond the Breakout

Product Format

Clear Lotion in a bottle with a pump dispense

Size

150 ml

Product Overview

The Nu Skin Clear Action® system focuses on more than just the current breakout. It's a comprehensive system to help clear the signs of past breakouts, minimise current breakouts and help ensure the future healthy look of your complexion. Take action each morning and evening to help your skin look and feel its best.

Morning regimen:

Step 1: Nu Skin Clear Action® Foaming Cleanser

Step 2: Nu Skin Clear Action® Toner

Step 3: Nu Skin Clear Action® Day Treatment

Step 4: Nu Skin® SPF moisturiser of your choice

Evening regimen:

Step 1: Nu Skin Clear Action® Foaming Cleanser

Step 2: Nu Skin Clear Action® Toner

Step 3: Nu Skin Clear Action® Night Treatment

Concept

This advanced toner calms angry, red skin and manages present oil levels, promoting a shine-free, clear complexion. Licorice extract soothes irritated skin, while zinc PCA helps control sebum levels. Potassium ascorbyl tocopheryl phosphate (a special union of vitamins C and E) replenishes the natural antioxidant supply that can become diminished when your skin is fighting breakouts.

Target Audience

Men and women in their 20s and 30s who currently have or have experienced blemish-prone skin.

Product Benefits

This product treats the PAST issues of blemish-prone skin in the following ways:

- Potassium ascorbyl tocopheryl phosphate restores the natural antioxidant supply that can become diminished when your skin is fighting breakouts.
- Restores vibrancy.

This product treats the PRESENT issues of blemish-prone skin in the following ways:

- Contains salicylic acid, a beta-hydroxy acid that penetrates pores to eliminate most blemishes.
- Licorice extract (dipotassium glycyrrhizate) soothes the skin and helps reduce the appearance of redness.

This product treats the the FUTURE issues of blemish-prone skin in the following ways:

- Zinc PCA controls oil, helping prevent shine and future breakouts.

Key Ingredients

- **Potassium ascorbyl tocopheryl phosphate** – helps restore the natural antioxidant supply that is lost when your skin is fighting breakouts.
- **Salicylic acid** – a beta-hydroxy acid that penetrates pores to eliminate most blemishes.
- **Licorice extract (dipotassium glycyrrhizate)** – soothes the skin and helps reduce the appearance of redness.
- **Zinc PCA** – controls oil, helping prevent shine and future breakouts.

Usage/Application

Apply morning and night after cleansing. Unlock the pump by twisting the cap counterclockwise. Place a cotton ball on top of open pump and push down three times. Apply to face and neck

Nu Skin Clear Action® Toner

area, avoiding contact with eyes. Relock pump by twisting cap in a clockwise direction.

Note: Your skin can take a few days to adjust to a new regimen. We recommend that you start with one product and gradually add the remaining products one step at a time. Start with Nu Skin Clear Action® Foaming Cleanser.

Safety Note

Some individuals may experience increased photosensitivity while using the Nu Skin Clear Action® System, meaning that the skin can burn more quickly than usual when exposed to sunlight. We recommend limiting sun exposure while using these products.

Complementary Products

Epoch® Blemish Treatment – a product that combines proven pore-clearing action (salicylic acid) with Job's Tears, a botanical ingredient used historically in Asia to reduce redness, and yarrow, used for centuries to help soothe the skin. This product can be used during the first few weeks of using the Nu Skin Clear Action® System, during which breakouts may temporarily worsen, or at any time when an additional spot treatment is needed.

Frequently Asked Questions

Why did Nu Skin choose this specific bottle for the toner?

The unique packaging of Nu Skin Clear Action® Toner helps control the amount of product that is applied to the face as well as avoiding waste and spilled product.

How much toner comes out of the bottle each time?

Approximately 0.7 ml is released with every pump. You need approximately three pumps in the morning and three pumps in the evening.

How many days will a bottle of Nu Skin Clear Action® Toner last?

One bottle of Nu Skin Clear Action® Toner will last for 30 days if you use six pumps per day.

Is it true that when using a new system, my skin may seem to get worse before it gets better?

Skin can take a few days to adjust to a new regimen. We recommend that you start with one product and gradually add

the remaining products one step at a time. Start with Nu Skin Clear Action® Foaming Cleanser.

How long should one system last?

One complete system of products has been packaged to last approximately 30 days.

How long will it be until I see results?

During tests, Nu Skin Clear Action® showed significant results after 12 weeks. However, results may be visible earlier.

Should I wear sunscreen while using the system?

With any of our systems, Nu Skin recommends the use of sunscreens to protect the skin from sun damage. We suggest trying Nu Colour® Tinted Moisturizer SPF 15 or Moisture Restore Day Protective Lotion SPF 15 (Combination to Oily).

Can I still use the Nu Skin Clear Action® System if I am pregnant?

Most Nu Skin® products, when used as directed, are considered safe for use during pregnancy. Nu Skin Clear Action® does contain retinol, which might be considered problematic during pregnancy. As each woman's skin and pregnancy is different, we recommend that women follow their physician's advice regarding product use during pregnancy.

Can I use other Nu Skin® products in conjunction with the Nu Skin Clear Action® System?

For added moisture, use Moisture Restore Day Protective Lotion SPF 15 (Combination to Oily) in the morning, and Night Supply Nourishing Cream in the evening. For moderate to deep lines and wrinkles, use Tru Face™ Line Corrector. For a spot treatment, use Epoch® Blemish Treatment. These products should be applied after using Nu Skin Clear Action® Day or Night Treatment. We recommend introducing one product at a time to your regimen to test for irritation.

Ingredients

Active Ingredient: Salicylic Acid (0.5%)

Nu Skin Clear Action® Toner

Nu Skin Clear Action® System Overview

The Nu Skin Clear Action® products are designed to work together as a system to help clear the signs of past breakouts, minimise the effects of present breakouts and ensure the future healthy look of your skin. The following table shows how each product in the system works.

	PAST	PRESENT	FUTURE
NU SKIN CLEAR ACTION® FOAMING CLEANSER		Salicylic acid penetrates pores to eliminate most blemishes.	Keeps skin clean so oil will not build up and cause future breakouts.
NU SKIN CLEAR ACTION® TONER	Potassium ascorbyl tocopheryl phosphate (a special union of vitamins C and E) helps restore skin vitality.	Salicylic acid penetrates pores to eliminate most blemishes; licorice extract soothes the skin and helps reduce the appearance of redness.	Zinc PCA controls oil, helping prevent shine and future breakouts.
NU SKIN CLEAR ACTION® DAY TREATMENT		Salicylic acid penetrates pores to eliminate most blemishes; white tea extract is a powerful antioxidant that restores the skin's natural resiliency; willowherb, bisabolol and allantoin soothe the skin and help reduce redness.	Lactic acid helps exfoliate dead skin cells to reveal smoother, clearer skin; hexapeptide-2 helps reduce the potential development of dark spots.
NU SKIN CLEAR ACTION® NIGHT TREATMENT	Patented alpha lipoic acid helps improve the appearance of uneven texture and skin discolouration from past breakouts; retinol works to smooth and even skin tone.	Salicylic acid penetrates pores to eliminate most blemishes.
