

Nobody Defends Your Body Like Pharmanex®

PRODUCT	PRIMARY IMMUNE FUNCTION	WHY THIS PRODUCT IS EFFECTIVE	DIRECTIONS FOR USE
IgG Boost™ 	Overall immune boost*	IgG Boost™ contains a standardized concentrate of bioactive proteins including immunoglobulins that are naturally present in human and cow milk and have well-known immune functions in our body. Other components of colostrum (lactoferrin, lactoperoxidase, lysozyme, growth factors, and cytokines) offer a wide variety of diverse immune benefits.*	IGG BOOST™: For adults, take two (2) capsules twice daily with morning and evening meals. Use continuously for best results. NUTRIMMUNE CHEWS™: For children (age 3–11), consume one (1) to two (2) chews per day. For children (age 12+) and adults, consume one (1) to four (4) chews daily. Chew thoroughly before swallowing. Use continuously for best results.
Ai/E10® 	Concentrated immune communication molecules*	Ai/E10® provides the lower molecular weight molecules naturally present in colostrum. These molecules are important for immune cell communication.*	For adults, take one (1) capsule with liquid three (3) times daily. Take continuously for best results.
ReishiMax GLP™ 	Long-term immune cell protection*	ReishiMax GLP™ promotes cell-mediated immunity and long-term immune cell protection. ReishiMax GLP™ has been shown to stimulate the formation of antibodies, stimulate the proliferation of immune cells, and modulate the functions of T-cells. One of these T-cells, the natural killer (NK) cell, assists in destroying aging or abnormal cells.*	For adults, take one (1) capsule twice daily for health maintenance, or two (2) capsules twice daily for more proactive immune modulation. Use continuously for best results.
Tegreen 97® 	Cellular protection*	Tegreen 97® provides antioxidant protection at the cellular level, helping to protect cells from free radical damage. Additionally, it interferes with enzymes involved in the growth of unhealthy cells*	For adults, take one (1) to four (4) capsules daily; preferably one (1) to two (2) each morning and evening with food. Use continuously for best results.
Immune Formula 	Immediate immune stimulation*	Immune Formula puts your immune system in hyperdrive and provides a general immune-stimulating effect on various components of the systemic immune system including T lymphocytes, neutrophils, NK cells, granulocytes, macrophages, interleukins, monocytes, antibodies, and phagocytic activity.*	For adults, take one (1) capsule one to three (1–3) times daily. Use as needed for up to two weeks, followed by a resting period of at least one week.

LifePak® and MarineOmega™—the Nutritional Foundation for Optimal Immunity

PRODUCT	PRIMARY IMMUNE FUNCTION	WHY THIS PRODUCT IS EFFECTIVE	DIRECTIONS FOR USE
MarineOmega™ 	Essential fatty acid balance*	MarineOmega™ promotes an essential fatty acid balance, which contributes to a healthy immune system. Studies have shown that if fatty acid nutrition is out of balance, then the immune system can be negatively affected.*	For adults and children (age 12+ or children who can swallow pills safely). Take one (1) to two (2) softgels twice daily with eight (8) ounces of liquid with your morning and evening meals. Use continuously for best results.
LifePak® 	Proper nourishment for immunity*	<p>LifePak® is the foundation for supporting normal immune function.*</p> <p>VITAMINS C & E: Promotes long-term cell-mediated specific and non-specific immunity*</p> <p>BETA-CAROTENE, CAROTENOIDS: Improves long-term immune response by providing vitamin A*</p> <p>VITAMIN A, VITAMIN B6: Essential for long-term immune function*</p> <p>ZINC: A cofactor in many enzyme reactions. Essential for activity of DNA polymerase, which plays a role in duplication of DNA during cell division; an effective immune response relies upon duplication of certain T and B cells.*</p>	<p>LIFEPAK®: For adults, take the contents of one (1) packet with eight (8) ounces of liquid with your morning and evening meals. Use continuously for best results.</p> <p>LIFEPAK TEEN™: Take two (2) tablets twice daily with a meal.</p> <p>JUNGAMALS®: For children 4 years and older, chew two (2) tablets daily. For children age 2 to 4, chew one (1) tablet daily.</p>
