 PHARMANEX®

Eye Formula

The Vulnerability of the Eye

More than any other tissue in the body, the lens and retina of the eye are continually subjected to oxygen and intense light radiation—two key factors that can lead to normal damaging free-radical activity. This constant exposure to the potent effects of free-radical activity makes it necessary to provide the eye with sufficient nutritional antioxidant support, thus neutralizing the effects of potentially harmful free-radicals.*

Did You Know?

The technology that powers the Pharmanex® Biophotonic Scanner was originally developed for measuring carotenoids in the eye. Carotenoids can help maintain healthy eye macula.

Eye Formula is the Solution

Pharmanex® Eye Formula is an innovative blend of antioxidants, carotenoids, and trace minerals to provide nutritional support and help maintain normal eye health.*

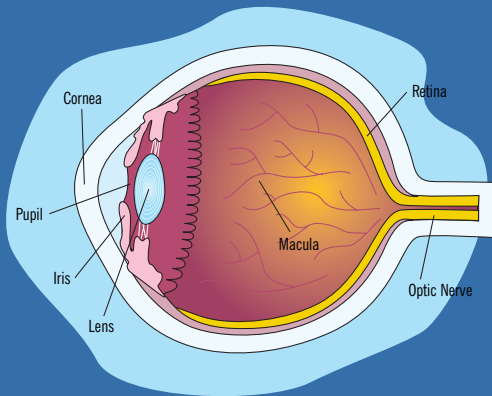

Benefits of Eye Formula

- Supports normal function of healthy eyes*
- Antioxidant protection for the eyes*
- Contains 5 mg of lutein per daily dosage
- Innovative blend of antioxidants, carotenoids, and trace minerals

Research Supporting Eye Formula

Vitamin A acts as a light receptor in the retina. As a precursor to vitamin A, beta carotene supports this essential role. In addition, studies show that other nutrients are necessary in supporting eye health. Such carotenoids can also be found in Eye Formula.

One study, published by the Journal of the American Medical Association², showed a strong correlation between high lutein intake and maintaining normal eye health. Eye Formula is a complete eye supplement that provides an array of dietary antioxidants, including lutein.

² Seddon, et al., JAMA 1994; 272:1413-1420.

Supplement Facts		
Serving Size One Capsule		
	Amount Per Serving	% Daily Value
Beta Carotene (Dunaliella Salina)	2,500 IU	100%
Vitamin C (Calcium Ascorbate, Ascorbic Acid)	150 mg	500%
Vitamin E (d-Alpha Tocopheryl Succinate, Beta, Gamma, Delta Tocopherols)	75 IU	500%
Zinc (Zinc Propionate)	2.5 mg	33%
Selenium (L-Selenomethionine)	35 µg	100%
N-Acetyl-L-Cysteine	100 mg	*
Taurine	100 mg	*
Turmeric Extract (Min. 95% Curcumin)	50 mg	*
Ginkgo Biloba Extract (Min. 24% Flavonoglycosides, Min. 6% Terpene Lactones)	30 mg	*
Alpha-Lipoic Acid	10 mg	*
Lutein (from Marigold Flower Extract)	2.5 mg	*

*Daily Values not established.

Other Ingredients: Gelatin, Magnesium Stearate, Silicon Dioxide.
