# Epoch® IceDancer™ Invigorating Leg Gel

Whether you're working or playing, time spent on your feet can leave your legs feeling exhausted. Give yourself instant relief with Epoch® IceDancer™ Invigorating Leg Gel. This refreshing combination of horse chestnut, peppermint oil, and natural wild mint—*Mentha arvensis,* used for centuries by Native American tribes—cools and revives tired, achy legs. As the soothing gel melts into your skin, your legs will feel rejuvenated.

**"IceDancer is a must-have for anyone who's on their feet all day. The scent of wild mint is so reviving and the cool gel soothes away my aches and pains. I feel like I could skate for hours."**

—Rosalynn Sumners, '84 Silver Medalist, Ice Skating

Order Number 01 112803
3.4 oz
