

 ageLOC®
Y-SPAN

The human body is a miracle. It naturally learns, evolves, and repairs itself.

It is designed to **live** young.

But over time, external and internal influences can disrupt natural youthful activity and accelerate aging effects.

The key is to give your body what it needs so it can continue to do what it is designed to do—live young.

ageLOC Y-SPAN

OUR MOST ADVANCED ANTI-AGING SUPPLEMENT EVER

1. Exclusive Science
2. Unique Ingredient Blend
3. Remarkable Results

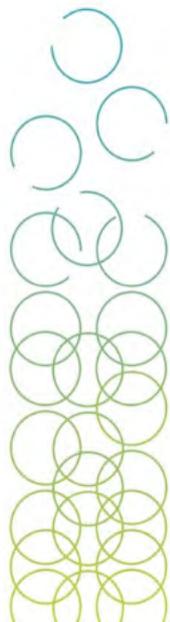

At Nu Skin, we have built upon our nutritional and antioxidant anti-aging knowledge with the addition of our anti-aging gene expression research—staying at the forefront of science and innovation.

SCIENCE

Through understanding the way genes react to specific ingredients and applying that knowledge, we have created our **most advanced anti-aging supplement ever.**

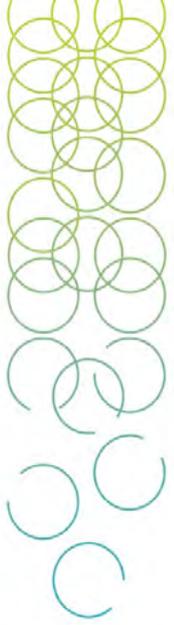

SCIENCE

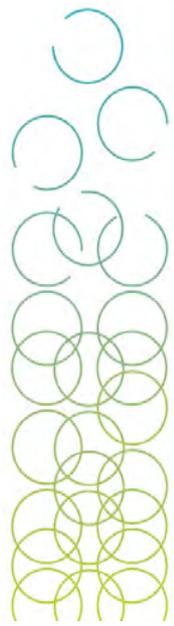

Backed by more than 35 years of anti-aging gene expression research, our **proprietary anti-aging scientific approach** is unlike any other in the world.

SCIENCE

As we age, the body's aging defense mechanisms (ADMs)—mechanisms that promote healthy regulation of damage and repair processes—decline in function, performance, and activity.

By maintaining and supporting the activity and function of the body's ADMs, we are better equipped to *live youthfully.*

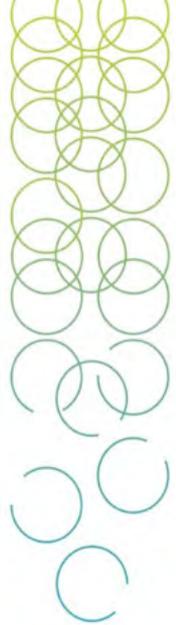

INGREDIENT
BLEND

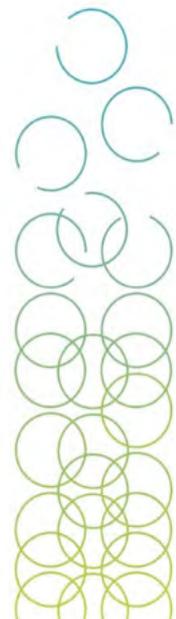

ageLOC Y-SPAN provides an innovative blend of ingredients with unique health benefits and the ability to positively affect gene expression.

This unique ingredient blend is not readily available even from a healthy diet.

INGREDIENT BLEND

Licap[®] Technology

- Allows delivery of liquids and solids together in a single capsule.
- Improves the bioavailability of fat-soluble ingredients.
- Reduces the number and size of capsules
- Helps ensure the delivery of anti-aging benefits.

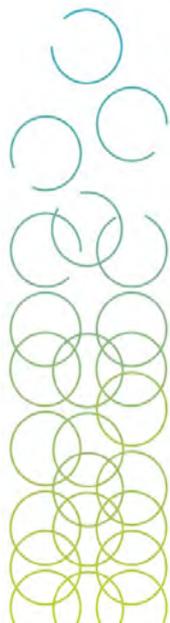

RESULTS

ageLOC Y-SPAN promotes the body's natural ability to **fight aging** by boosting our internal **aging defense mechanisms**.

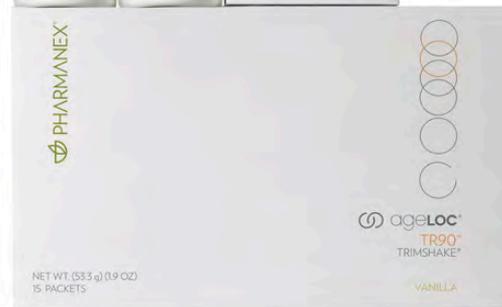

PRODUCT CLAIMS

- Our most advanced anti-aging supplement ever, ageLOC Y-SPAN targets our innate ability to resist aging at its source.
- ageLOC Y-SPAN positively modulates gene expression with a unique blend of nutrients that are not readily available from even a healthy diet.
- ageLOC Y-SPAN influences multiple aging defense mechanisms to provide broad-spectrum nutritional benefits and to promote healthy:
 - Systemic balance
 - Cellular response
 - DNA integrity
 - Systemic cytokine responses
 - Antioxidant protection
 - Brain
 - Eyes
 - Heart
 - Skin
 - Immune function
 - Bones
 - Joints
 - Lipid metabolism
 - Physical performance
