### MEET LUMISPA ACCENT

*The perfect accent to brighten every day.* Late nights and early mornings. Stress, age, a busy lifestyle, and sun exposure. All these things can wreak havoc on the skin around your eyes. But now you can save the bags for shopping and the puffiness for warm winter jackets. Get bright, ready-for-anything eyes with ageLOC LumiSpa Accent.

The soft treatment tip gently exfoliates the skin while deeply stimulating the delicate area around the eyes. Paired with ageLOC LumiSpa IdealEyes, Accent delivers an invigorating treatment and an instant burst of hydration, visible firming, and the wide-awake radiance you want every day. Massage away undereye bags, puffiness, and dark circles twice daily for a refreshed, well-rested look. All eyes on you, baby!

- The device is both waterproof and rechargeable, and the silicone is embedded with antimicrobial silver to make cleaning as easy as possible.

### HOW TO USE IT

1. Use each morning and night on clean skin. Apply ageLOC® LumiSpa® IdealEyes® to the skin around the eyes (not on the eyelids or eyes themselves). Turn on the device and glide the LumiSpa Accent over the eye area using slow, gentle motions. Do not scrub or move across the skin quickly.
