

## INITIAL CONNECTION

**1**

**ACTIVATE IPAD BLUETOOTH**

IN THE IPAD SETTINGS APP, TOGGLE BLUETOOTH TO THE ON POSITION

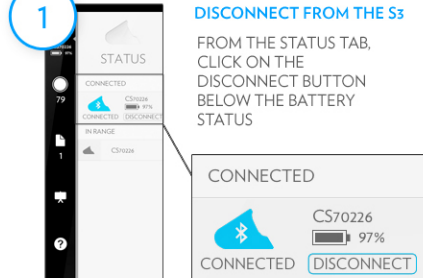

## POWERING THE S3 OFF

**1**

**DISCONNECT FROM THE S3**

FROM THE STATUS TAB, CLICK ON THE DISCONNECT BUTTON BELOW THE BATTERY STATUS

## DAY-TO-DAY CONNECTION

### AUTOMATIC CONNECTION

AFTER INITIAL CONNECTION, THE S3 APP WILL REMEMBER YOUR SCANNER AND WILL ATTEMPT TO AUTO-CONNECT TO IT EACH TIME YOU START THE S3 APP. THERE IS NO NEED TO PUSH THE BLUETOOTH BUTTON ON THE BACK OF THE S3

**2**

**ACTIVATE S3 BLUETOOTH**

**POWER BLUETOOTH**

TURN ON YOUR S3 AND HOLD DOWN THE BLUETOOTH BUTTON UNTIL IT STARTS TO BLINK

DON'T START THE S3 APP UNTIL THE BLUETOOTH BUTTON IS BLINKING

**2**

**POWER**

**EXIT AND TURN OFF IPAD**

EXIT THE S3 APP BY PRESSING THE IPAD HOME BUTTON

SHUT OFF THE IPAD SCREEN BY TAPPING THE POWER BUTTON BRIEFLY

**1**

**TURN ON S3 SCANNER**

**POWER**

POWER UP THE S3 BY PRESSING THE POWER BUTTON ON THE BACK

DO NOT PRESS THE BLUETOOTH BUTTON. IT IS NO LONGER NECESSARY FOR SUBSEQUENT CONNECTIONS

**3**

**CONNECT TO YOUR S3 SCANNER**

TAP ON THE S3 APP AND FIND YOUR SCANNER ON THE STATUS TAB. (YOU MAY NEED TO SWIPE DOWN TO REFRESH). TAP THE SCANNER TO CONNECT

**3**

**TURN OFF S3 SCANNER**

**POWER**

POWER DOWN THE S3 BY PRESSING THE POWER BUTTON ON THE BACK

DO NOT PRESS THE BLUETOOTH BUTTON WHEN POWERING DOWN. IT IS NO LONGER NECESSARY

**2**

**AUTO-CONNECTION**

LAUNCH THE S3 APP. THE IPAD WILL AUTOMATICALLY ATTEMPT TO CONNECT TO THE REMEMBERED S3.

IF THE APP DOES NOT AUTOMATICALLY CONNECT, THEN PLEASE REFER TO THE TROUBLESHOOTING SECTION FOR STEPS ON REGAINING LOST BLUETOOTH CONNECTIONS.

## MAINTENANCE AND TROUBLESHOOTING

### MAINTAINING YOUR BLUETOOTH CONNECTION TIPS

- DO NOT SHUT OFF YOUR S3 DEVICE WHILE THE S3 SCANNER APP IS STILL RUNNING.
- DON'T PRESS THE BLUETOOTH BUTTON ON THE BACK OF THE DEVICE ONCE YOU HAVE CONNECTED. THIS WILL RESET THE BLUETOOTH CONNECTION AND CAN SOMETIMES CAUSE SIGNAL INTERRUPTIONS.

### IF YOU CAN'T ESTABLISH A BLUETOOTH CONNECTION

SOMETIMES THE IPAD MINI AND THE S3 SCANNER MAY HAVE DIFFICULTY CONNECTING, EVEN AFTER A PROPER SETUP. BLUETOOTH CONNECTIONS CAN BE INTERRUPTED FOR A VARIETY OF REASONS. IF YOUR IPAD AND S3 SCANNER ARE NOT COMMUNICATING, THEN FIRST TRY THE BLUETOOTH REFRESH OPTION BELOW. IF THAT DOES NOT SOLVE THE ISSUE, THEN TRY THE POWER REFRESH OPTION.

#### A. BLUETOOTH REFRESH FIX

- PRESS THE BLUETOOTH BUTTON ON THE BACK OF THE S3 SCANNER UNTIL IT IS BLINKING.
- EXIT THE S3 SCANNER APP AS NORMAL.
- RELOAD THE S3 SCANNER APP. CHECK THE STATUS TAB TO SEE IF YOUR S3 DEVICE HAS SUCCESSFULLY RECONNECTED TO THE IPAD.
- IF THE TWO DEVICES DO NOT CONNECT, THEN EXIT THE S3 SCANNER APP AND TAP THE "SETTINGS" ICON.
- IN THE SETTINGS APP, SHUT THE BLUETOOTH SWITCH TO "OFF". WAIT FOR 2-3 SECONDS. THEN SET THE BLUETOOTH SWITCH BACK TO "ON."
- LOAD THE S3 SCANNER APP AGAIN, AND SEE IF THE CONNECTION IS SUCCESSFULLY REESTABLISHED.
- IF THIS PROCESS DOES NOT WORK, FOLLOW THE POWER REFRESH STEPS BELOW.

#### B. POWER REFRESH FIX

- GO INTO THE IPAD "PROGRAM MANAGER" (DOUBLE TAP HOME KEY) AND SHUT OFF THE S3 APP.
- DO A FULL POWER-DOWN OF THE IPAD (HOLD POWER BUTTON FOR 3 SECONDS, THEN SWIPE THE RED ARROW).
- POWER THE IPAD BACK ON.
- POWER ON THE S3.
- HOLD DOWN THE S3 BLUETOOTH BUTTON UNTIL BLINKING.
- OPEN THE S3 SCANNER APP.
- CONNECT TO THE S3 IN THE STATUS TAB.
