Social Post Examples

When posting on social media, always stick to approved claims found in the PIP for your market. Product testimonials cannot include any medical/health claims - even if true.

APPROVED

I only have a few preview codes left for Nu Skin's latest hot product RESET! Reset is powered by anthocyanins - natural health-beneficial compounds found in the deepest purple berries and black rice, but what does that mean? It means Reset helps support things like **healthy well-being**! I love knowing my antioxidant defense system is getting extra support! Who is interested in giving it a try??

Reset is not a weight loss product. Weight loss claims should not be made, posted, or shared.

How to Safely Promote Reset

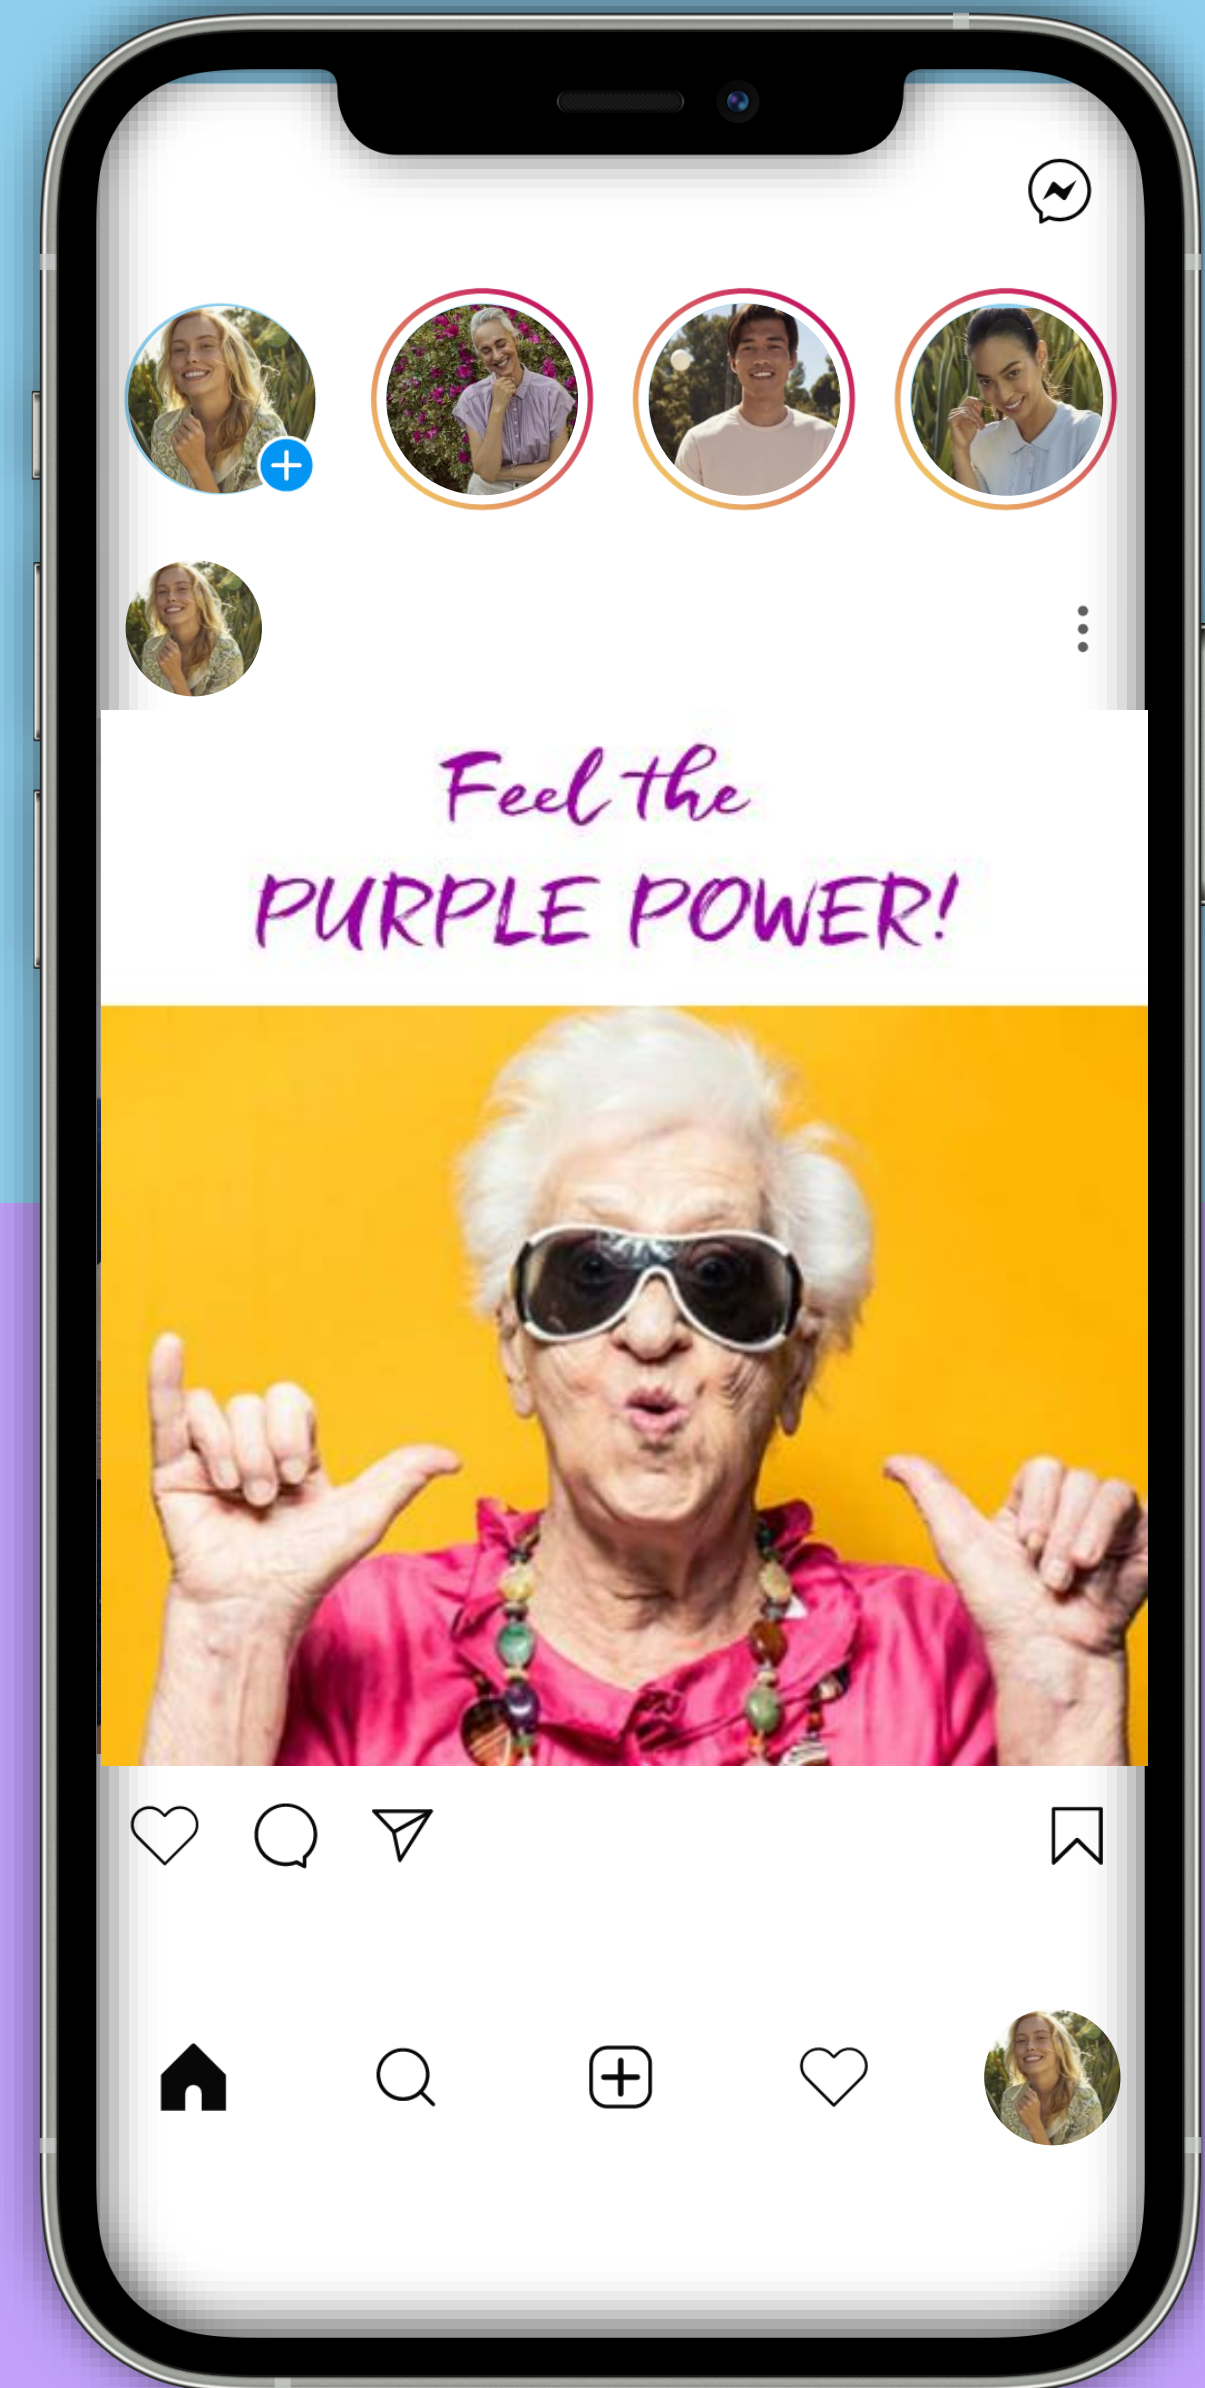

The benefits in the PIPs may not seem exciting... but there are many ways to create engaging content to share with your community!

PERSONALIZE IT

PURPLE POWER!!!! Reset is Nu Skin's wonderful new product that helps support your healthy well-being.* Did you know only 1 in 8 of us has a healthy body chemistry? If you are one of those 7 people fret not!! If you are interested let me know!

[#ageLOCReset](#)

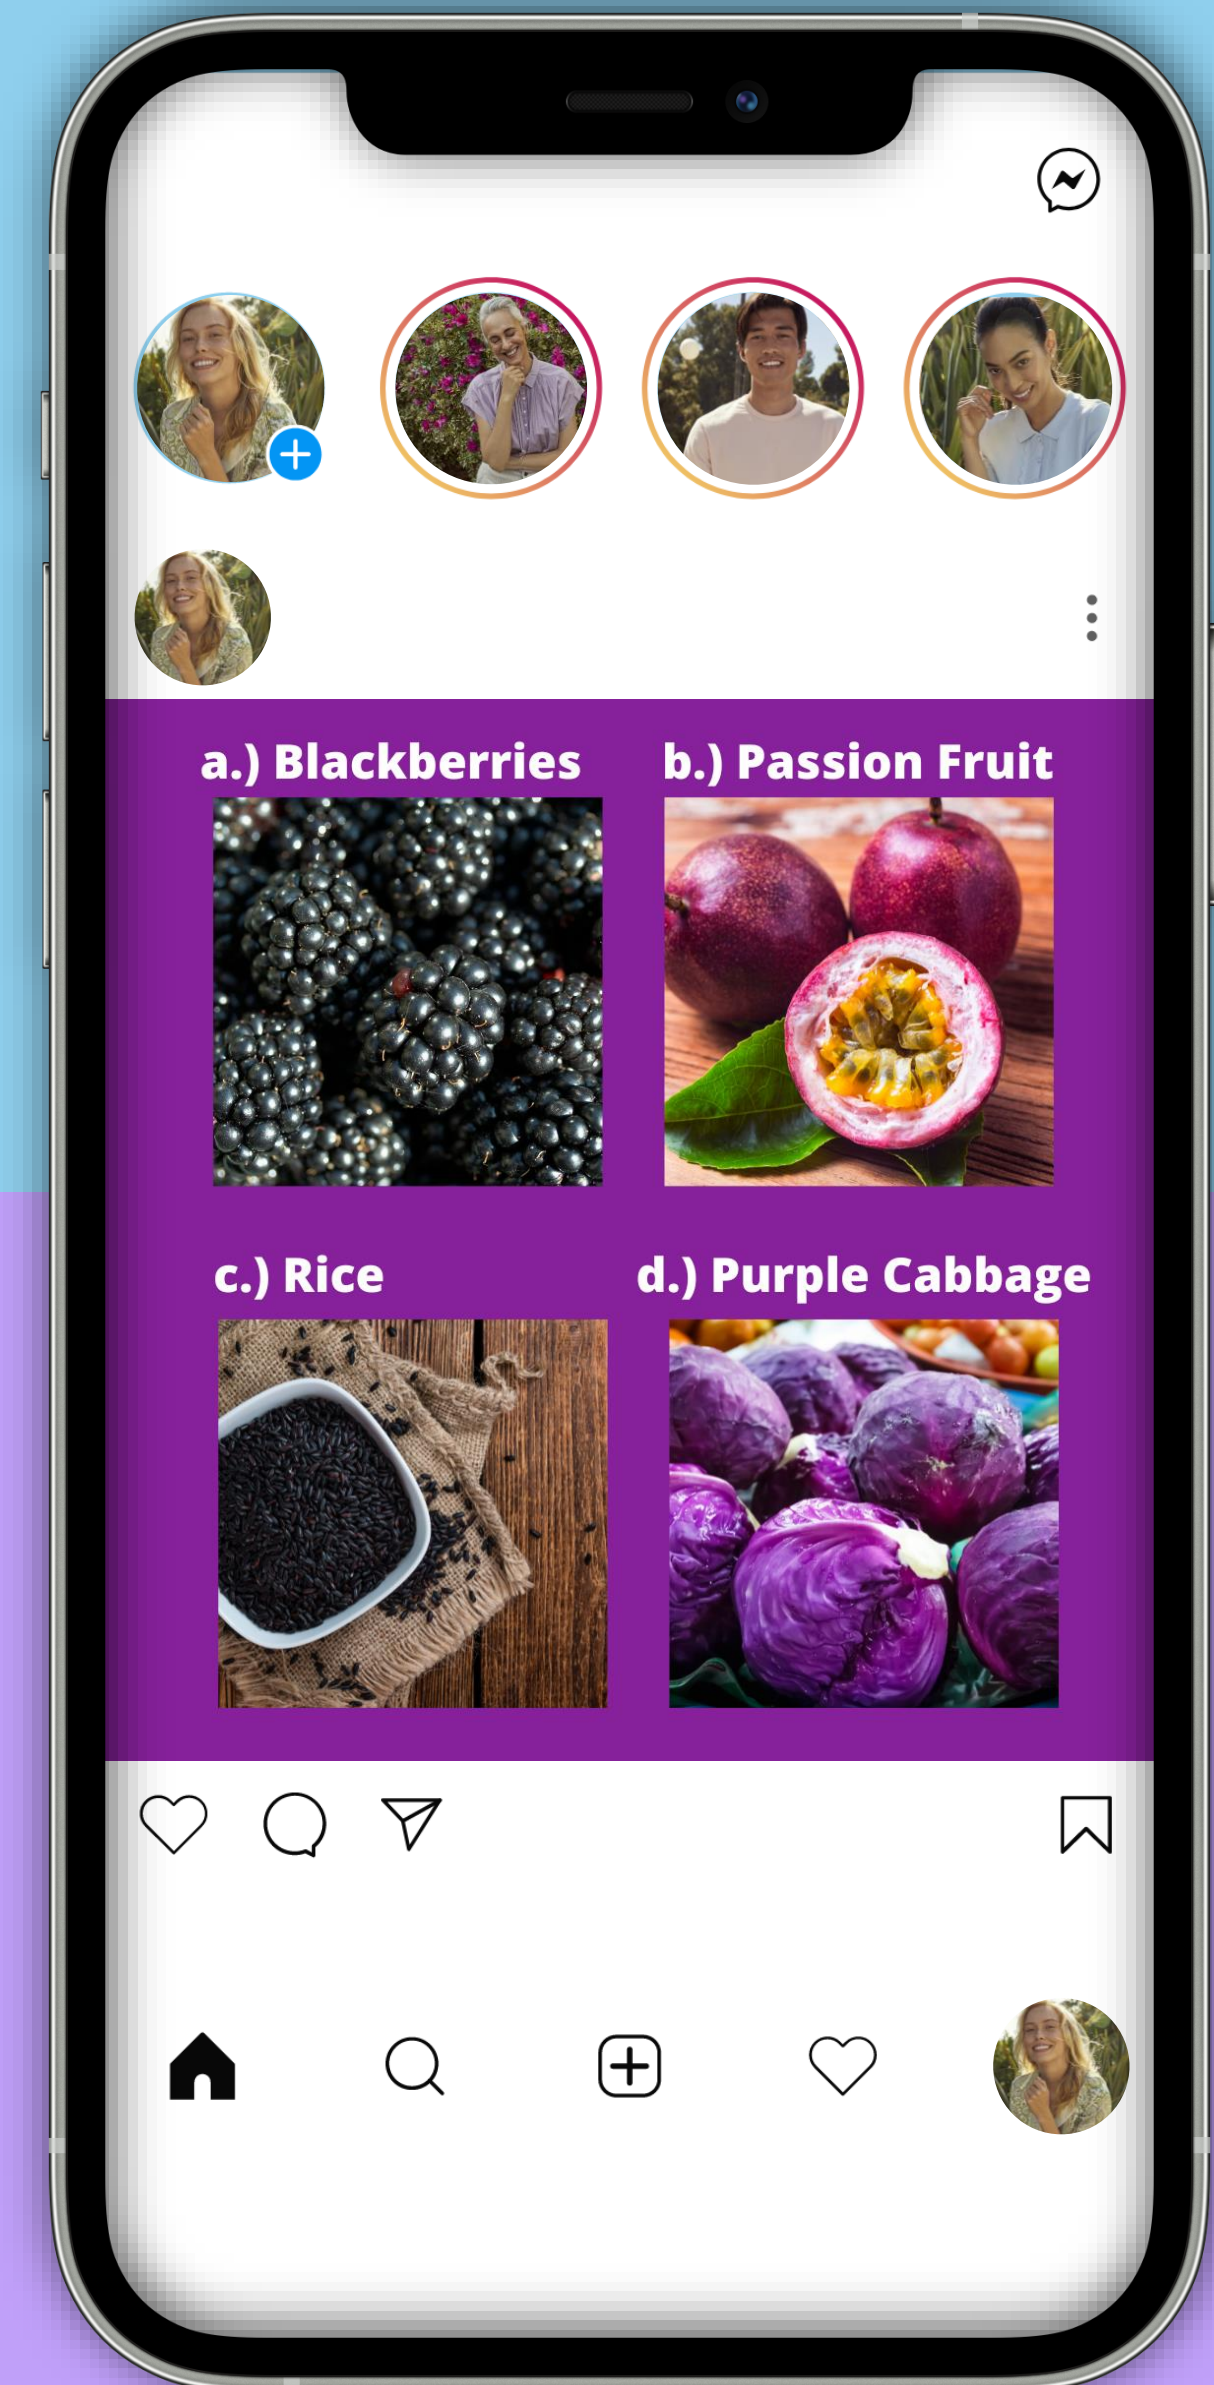

*This product is not intended to diagnose, treat, cure, or prevent any disease.

FOCUS ON ENGAGEMENT

POLL TIME! With the launch of Nu Skin's new product RESET I'm curious what's your favorite purple food?

If you're interested in trying this innovative product to support your healthy well-being.* DM me!

[#PurplePower](#) [#ageLOCReset](#)

*This product is not intended to diagnose, treat, cure, or prevent any disease.

Now it's your turn!

- ✓ **Step 1:** Brainstorm content ideas
- ✓ **Step 2:** Create content or download from [Nu Skin SEA Flickr](#)
- ✓ **Step 3:** Make sure all claims are approved/from the PIP of your local market
- ✓ **Step 4:** Post or share your content!
