# BON VOYAGE!

*Travelling is one of the most wonderful ways to escape the humdrum of your everyday life. It can give you a break by unplugging yourself from your busy schedule, engaging yourself in countless new activities in new exotic places; and best of all, a great vacation gives you cool new stories to tell all your friends and family!*

Going on a holiday and travelling around the world can be one of the greatest joys in life. When you travel, you get to experience new things, new people, new diverse cultures and exciting new places. You get to soak in a whole new world of experiences! Now, aside from planning your trip and thinking about all the yummy food you are going to indulge, do you know what is the best part about going on a holiday? Enjoying and sharing a holiday experience with someone you love, of course!

As you grow older, you may come to realize that you have limited amount of time with your parents. Work, travels, having a family of your own and maintaining relationships with friends get in the way of the time you spend together with your parents. As the saying goes, "Life is short and your parents won't be with you forever". Spending time and travelling with your parents help you to connect with each other as adults. It also helps you to better understand and appreciate your relationship with them throughout your life.

Remember the times when your parents have taken you on a great vacation? It is time to return the favor. Travelling is a fantastic way to bond with your parents. This Parents' Day, why not plan a holiday and bring your parents for an adventure of a lifetime? Ask your parents about their dream destinations, learn about their life goals or their bucket list and you will be surprised to learn a thing or two about your parents that you never knew!

Actions speak louder than words. Invite your parents to go on a vacation with you is one of the many ways to say, "I love you!". Bringing them on a dream vacation will take your parents' breath away. It will also give you and your parents a chance to create precious and wonderful memories that you will be able to hold dear for the rest of your life.

The world is your oyster. Spend your days wisely and bring your parents out to explore.

Happy travels!

## HAPPINESS IS *Travel*

*Family vacations with your parents are a great way to create memories while enjoying a change of scenery. Just as your parents provided you with fond vacation memories, you can return the favor by taking your parents on vacation with you!*

*What was your fondest memory while travelling with your parents when you were young?*

“When we were young, our parents took us to the world, from Malaysia to European countries and America. Now, it is our turn to bring our parents to enjoy and travel the world! Through Nu Skin’s amazing opportunity, we are now able to bring our parents to visit many more countries that they have yet been to before. From falling into the soft snow in Hokkaido, to traveling on the largest cruise ship in the world, The Ovation of the Seas. Each trip has been incredible and memorable! But the memory that I cherished the most was the one where I get to hold my parents’ hands, just like how they used to hold mine when I was young, as they took me to see the world.”

“Family is not just an important thing, but it means everything to us. Sometimes we get so busy with our lives that we often forget that our parents too are getting older. As time passed, we have come to realize that the absolute best gift that any child can present to their parents is spending quality time with them, and we wouldn’t be able to accomplish that if it weren’t for the Nu Skin business platform. The time we could spend with them when they needed us the most, never missing any celebrations or festivities, bringing them for the holidays just like when they did when we were kids, are absolutely one of the best things possible, and our most cherished and enjoyable moments.”

“Growing up in a moderate-income family doesn’t allow us to have the luxury of traveling around the world. Despite the fact, our parents still given their best to create many great childhood memories for us. We enjoy traveling with our parents after succeeded in the Nu Skin business. One of the most memorable trips that we had was the 2011 Team Elite Trip to the United States. It was a remarkable event where the company arranged surprise firework display in front of the Statue of Liberty in celebrating our success. Another fond memory we had was celebrating Mother’s Day with our families in Amsterdam. The dazzling sea of red tulips simply took our mothers’ breath away! At that very moment, we hugged and wished them a Happy Mother’s Day. It was indeed our proudest moment. We are grateful to have made the right decision at the right time. Thank you, Nu Skin, our upline and our team for shaping us who we are today!”

“We love to travel because it allows us to experience what life has to offer. We feel so blessed to be able to bring our parents traveling around the world with us; just like how they used to bring us around and discovering the local attractions when we were still kids! At times, our parents would fondly look at the travel photos that we took together and start having a good time reminiscing the fondest moments we had during those trips. They don’t ask much from us, but we know that time is one of the greatest gifts we can give to our parents. Thanks to Nu Skin, we are now able to express our gratitude to the most important people in our lives.”

# BEAUTY *On The Go!*

*With the School Holidays and Parents' Day fast approaching, it's time to dust off your luggage and start looking for your ideal family holiday excursion. After all, it's not so often that the whole family can go on a holiday together.*

Whether you're looking for an action-packed city tour, relaxed vibes where you can stay put and rejuvenate your body, mind and soul or a destination to entertain your kids and parents, staying gorgeous even during your getaway is one important task that you can't ignore!

Looking good while traveling isn't a mission impossible. Pick up these easy travel beauty survival tips to keep your skin looking fresh and fabulous while you are time zones away from home!

### 1. KEEP YOUR SKIN HYDRATED

Air travel, long journey rides or adjusting to a new climate can lead to dehydration and cause dry skin especially for the elderly. So why not bring along the **NaPCA Moisture Mist** wherever you go to help prevent dehydration effects!

Packed with natural moisturizing ingredients like NaPCA, hyaluronic acid and urea, NaPCA Moisture Mist helps to moisturize your skin anytime and anywhere with just a quick spray on, giving you an instant cooling and refreshing lift while keeping your skin fresh and hydrated.

### 2. GET RID OF SKIN DULLNESS

Nothing dampens the holiday cheer like with a dull skin. Nothing dampens the holiday cheer like with a dull skin. With **Tri-Phasic White Radiance Mask**, it can help your skin to get back to its natural glow. Designed to enhance the benefits of your skin's complexion, this light moisturizing mask features a potent blend of ingredients that works to reduce skin discoloration and maintain a translucent skin tone.

Looking flawless in every picture has never been so effortless. Say goodbye to dull and discoloration skin; and hello to #Flawless, #Glowing skin in all your Instagram, Facebook and Snapchat groupies with the family!

### 3. SHIELD YOUR SKIN FROM HARMFUL UV RAYS

Everybody loves a little sun-kissed color during the holidays, but in order to protect your skin from unsightly lobster burns, sunblock is a must for everyone. Being out in the sun too long without protection can make your skin looks blotchy with uneven skin tone and add years to your appearance.

Regardless you are going to expose yourself under the burning hot sun or staying indoors for the whole trip, make sure you apply an adequate amount of **SunRight 50 SPF 50 PA+++** sunblock to provide a broad-spectrum coverage and keep your skin under the shed of harmful UV rays.

Keeping your skin looking fresh and intact during and after a long trip is no easy feat. But with these simple travel beauty survival tips, you'll be able to travel with ease and always look flawless when you're on the go! Happy Holidays!

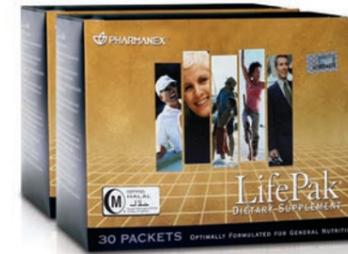

# FIT FOR Trips

*Everyone loves to go on vacation. There is something about getting away and exploring the world beyond your home. One of the best ways to enjoy a great holiday experience is with someone you love. With Parents' Day just around the corner, why not show your gratitude by going on an adventure with your parents?*

Traveling is one of the greatest gifts you can give your Mom or Dad. It can be a blessing but also a challenge. Very often, you'll likely leave your diet habits at home when you're on vacation. Whether it's trying out mouth-watering local fares or hitting famous fast food restaurants, there's a tendency to over-indulge in unhealthy food which do not meet the body's nutritional requirements. Traveling require a high amount of energy too and we will need to keep our energy level high in order to enjoy throughout the journey.

Poor nutrition and low level of energy can contribute to tiredness and the risk of falling sick. Spending the holidays in the hospital with a hefty medical bill is the last thing you want! So, it's very important that a basic nutritional foundation is built and improve in energy production of physically and mentally before jet-setting off.

1 LIFEPAK®

## 1. NUTRITIONAL FOUNDATION ON THE GO!

Help your parents stay in the pink of health with **LifePak®**, a comprehensive nutritional supplementation system that delivers the optimum types and amounts of vitamins, minerals, trace elements, antioxidants and phytonutrients, for the day-to-day health needs of the human body.

Containing seven formulas in one packet, LifePak® addresses nutrient deficiencies, balances bone nutrition, promotes healthy immune system, support blood sugar metabolism, protect the body with cardiovascular nutrients, raises antioxidant defense and protects your body against the symptoms of aging.

A complete nutritional supplement, LifePak is perfect for every adult ages 18 years and above. Besides, its individual sachet packs make it your best vacation buddy as it can be easily carried around when you are on the go!

Travelling is medicine for the soul, but as anyone who's caught the wanderlust bug knows, it's not always glamorous. Thanks to Nu Skin, you now have the power to help your parents to not only feel healthier with complete nutritional foundation supplementation, but feel younger and more active with Nu Skin ageLOC® technology throughout the holiday!

2 ageLOC® R² PACK

## 2. POWER UP EACH DAY!

As our parents age, it's hard for them stay active all-day long. Constantly feeling flat and sluggish will definitely ruin their vacation. The key to youth is in their genes. When our parents grow older, the way their genes communicate with their cells changes and this can diminish their cells' ability to function at their peak. This aging phenomenon is in part the result of the changing expression of their Youth Gene Clusters (YGCs) related to two important processes, cellular purification and energy production.

Help your parents target the sources of aging with the dual action from **ageLOC® R² Pack**. Taken in the morning, ageLOC® R² Day helps to optimize cellular energy production to help them recharge and take control of a new day; while taken in the evening, ageLOC® R² helps to promote cellular purification system which includes removing waste and damaging metabolic byproducts, protecting cell structures from toxin-induced damage and repairing damaged cells structures, enabling your parents to start each day feeling refreshed and renewed.

# MAKE THEM Proud!

*One of the greatest feelings of accomplishment in life is knowing that you have made your parents proud and that the thought of putting a smile on their faces. With hectic schedules or lifestyle that you are living in, it can be hard to juggle time between your work lives and spending time with your parents.*

Apart from spending time with your parents and doing simple things like calling them regularly, bringing them out for meals or planning a vacation with them, there are many other ways to make your parents happy. One of them is through your noble actions and achievements. As the saying goes, "It

is much better to give than to receive", Nu Skin's strongly cultivated culture enable you to play your part of giving back to the community. Your noble acts of generosity would make your parents feel proud of you for being a force of good!

## NOURISH THE CHILDREN IN THE SEASON OF GIVING

For more than 16 years, the Nu Skin Force for Good Foundation has contributed millions of dollars to improve the health, literacy and economic situation of children in more than 50 countries around the world. Nu Skin Force of Good Culture unites the distributors, customers, and employees in countless of innovative efforts that multiply the company's ability to nourish and uplift children around the world.

During the months of December and January, people in many different countries celebrate holidays where they give thanks and look for opportunities to give to those in need. Severe drought in Malawi last season caused families to run out of food. Through Nu Skin's partnership with the USAID (United States Agency for International Development) in Malawi, Nu Skin was asked to contribute an additional 20,000 bags per month to feed children who are particularly vulnerable.

To help address the problem, Nu Skin offered a Season of Giving promotion and together with your generosity, Nu Skin tripled its VitaMeal match to provide 10 bags for every 30 bags that were purchased and donated. Each individual bag of VitaMeal provided 30 children with a nourishing meal, and by working together, Nu Skin multiplied its impact by giving many more children greater hopes during the holidays!

Together, the generous contributions of VitaMeal had changed lives all over the world. Achieving this remarkable milestone is indeed one of the best ways to celebrate the holidays.

None of us can pay back the love, care and affection which we received from our parents since we were born. Nevertheless, you can make them proud by being a Force for Good and make a difference in the lives of those who are in need, both in our community and our world!
