NU SKIN FORCE FOR GOOD FOUNDATION

NU SKIN CORPORATE SOCIAL RESPONSIBILITY
CREATING SMILES 2013 YEAR IN REVIEW

THE NU SKIN FORCE FOR GOOD FOUNDATION
improves the lives of children around the world by offering
hope for a life free from disease, illiteracy, and poverty.

“Nu Skin was created to improve lives. That was our goal in 1984, and it continues to be the vision that drives us today. Our Force for Good Foundation is designed to enhance that vision by improving the lives of children wherever needs exist. These children are our best hope for a bright and promising future.”

—STEVEN J. LUND, *Chairman of the Board*

THE NU SKIN
FORCE FOR GOOD
FOUNDATION

CREATING SMILES THROUGH EDUCATION

SEACOLOGY

The Foundation continues to partner with Seacology to support children's education in island communities. In 2013, Seacology built a community center in the town of West Papua in Indonesia and provided seven scholarships to post-secondary students at a primary school. Foundation efforts also included building guard sheds and a center for marine activities in Bangladesh, a community and education center in the Federated States of Micronesia, and a community rainwater storage cistern in Tanzania.

11,570 people helped

EDUCATE THE CHILDREN (ETC): MALAWI

After primary school, students in Malawi are required to pay for higher education, but many families cannot afford school fees. Consequently, only 25 percent of secondary school-aged children are attending school. The Nu Skin Force for Good Foundation provides 100 percent of the scholarship funds for the Educate the Children (ETC) program. In 2013, the Foundation provided tuition, uniforms, and books to 44 post-secondary students. Contributions also helped 21 students receive college diplomas. To date, the Foundation has granted more than 310 scholarships to help Malawian students attend school.

310 scholarships

SEE HOW ETC IS
CREATING SMILES
IN MALAWI

NU SKIN HOPE LIBRARY: KOREA

The Nu Skin Hope Library project is helping to provide hundreds of elementary children in Korea with new libraries complete with books, furniture, and equipment. Since 2008, a total of 13 libraries have been constructed, remodeled, and stocked to support children's education. In 2013, donors in Korea helped build two new libraries for elementary school children living in rural Korea. The new libraries featured technology-based learning aids, including touchscreens, TVs, and iMac computers.

13 libraries

NU SKIN CHILDREN'S HOPE PROJECT: JAPAN

After the devastating earthquake and tsunami in March of 2011, Nu Skin Japan established the Nu Skin Children's Hope Project to provide educational scholarships to children affected by the disaster. The Project has granted 48 scholarships.

48 scholarships

NU SKIN SMILE LIBRARY PLAN: JAPAN

In 2013, along with the Nu Skin Children's Hope Project, Nu Skin Japan launched a children's educational support project called the Smile Library Plan and donated more than 5,900 children's books to over 20 schools in the area. The Smile Library Plan is a project that provides hope to children who were affected by the devastating earthquake that hit Japan in 2011. To date, more than 3,000 students have benefited from these libraries.

3,324 students benefited

CREATING SMILES THROUGH HEALTH

EPIDERMOLYSIS BULLOSA (EB)

Since 1996, the Nu Skin Force for Good Foundation has provided consistent grants to the Epidermolysis Bullosa Medical Research Foundation (EBMRF). Epidermolysis Bullosa (EB) is a rare, inherited, blistering skin disease that affects all ethnic and racial groups. Nu Skin donates 25 cents from the sale of each Epoch® product to the Nu Skin Force for Good Foundation, which helps to fund these grants.

GREATER CHINA CHILDREN'S HEART FUND

Since 2008, the Greater China Children's Heart Fund has provided lifesaving support to children suffering from pediatric congenital heart disease. In Greater China, between 180,000 and 220,000 additional cases of congenital heart disease in children are reported each year; two thirds of these children cannot get timely treatment due to the families' inability to pay for the heart surgery. In 2013, the Greater China Children's Heart Fund provided more than 1,100 procedures. To date, more than 2,100 children in Greater China are enjoying a happy, healthy, and active life thanks to these lifesaving surgeries. The Fund also helps with preventative therapies, and has provided more than 70,000 heart scans for children to date.

70,360 heart scans
in total

MA, CHINA

When Ma was only 10 months old, doctors diagnosed her with congenital heart disease. Her father's job as a general labor worker only brought in enough money for the family to survive each year. The lack of funds pushed the family to almost lose hope. The Greater China Children's Heart Fund stepped in and provided the funds for her surgery. Thanks to this timely donation, Ma received this lifesaving surgery and was given a second chance at a normal life. Since recovering from the surgery, she is always laughing and smiling and she is expected to enjoy a happy and healthy life.

SOUTHEAST ASIA CHILDREN'S HEART FUND

The Southeast Asia Children's Heart Fund provides funds for lifesaving corrective heart surgeries for underprivileged children suffering from congenital heart disease. The Fund has been able to continue its efforts through generous donations. In fact, in 2013, a total of 821 children received heart surgeries—equaling more than two children's lives saved every day of the year. Since 1998, the Heart Fund has provided grants to help more than 5,800 children receive heart surgeries. As of the end of 2013, more than 6,836 sales leaders in Southeast Asia have committed to donating one percent of their monthly commissions to the Southeast Asia Children's Heart Fund.

5,831 children saved

CREATING SMILES THROUGH ECONOMIC OPPORTUNITY

LAWRENCE AND LAIKA KAPONDA, MALAWI

Lawrence and Laika, along with 8-year-old Selina, 5-year-old Precious, and 2-year-old Jason, came to SAFI to learn modern farming and livestock skills. While the parents learned ways to become self-sufficient, the children went to school. One of the Kaponda family's main goals was to build their family farming business so the children would have an opportunity to attend school when they returned home. Now that the family has returned to their home village of Khongoni, they have started implementing what they learned at SAFI. They are also teaching others in their village. The Kapondas are very grateful to the donors who have made their dreams a reality.

"We are thankful for the opportunity to learn and to receive an education," said Laika Kaponda. "This opportunity to become independent will impact generations to come."

SCHOOL OF AGRICULTURE FOR FAMILY INDEPENDENCE (SAFI): MALAWI

As of 2013, more than 210 Malawian families have mastered self-sufficiency through their participation in the School of Agriculture for Family Independence (SAFI). Each year, about 30 families live in Mtalimanja Village to learn proper agricultural techniques and to improve their quality of life by becoming self-sufficient. Families return home during the second year of the program to implement the techniques they have learned on their own farms and to teach others in their villages. After implementing SAFI techniques, crop yields have increased as much as 700 percent. SAFI's goal is to educate families to ensure that the ideals of self-sufficiency will last for generations to come.

210 self-sufficient families

BRIGHTER FUTURE INITIATIVE

In 2012, Nu Skin Japan launched the Brighter Future Initiative (BFI) in Malawi. BFI builds on the SAFI teaching model by teaching government farm agents farming techniques they can then demonstrate to families in their districts. There are currently two districts implementing this education system. By the end of 2013, more than 390 farmers completed the course, helping to create a brighter future for their families and communities.

396 trained farmers

NU SKIN GREATER CHINA MICROFINANCE FUND

As of 2013, more than 6,800 families have received micro-enterprise loans to rebuild their homes after the devastation caused by the 2008 Sichuan earthquake. These loans help provide financial opportunities for families to achieve greater self-reliance.

6,800 families

SEEDS OF HOPE

Funding for the Seeds of Hope Foundation is derived, in part, through the sale of Nu Skin's Epoch® line. Funds from Epoch® Body Butter are earmarked to purchase fruit trees in various villages and schools in Malawi. Fruit trees are changing the lives of vulnerable families by providing them nourishment and a source of income.

PROVIDING HOPE IN THE MIDST OF DISASTER

TYPHOON HAIYAN

The strongest storm recorded at landfall hit the coast of the Philippines in early November 2013. The Nu Skin family banded together to provide relief to those affected by the devastation, donating cash and in-kind donations to support the initial relief efforts. Nu Skin Japan, a market that knows the devastation of a natural disaster, generously donated half of the total initial donation.

In addition to its initial donation, the Nu Skin Force for Good Foundation is working to identify and fund a project to help the Philippines' long-term rebuilding efforts.

OKLAHOMA HURRICANES AND CANADA FLOODINGS

In 2013, the Nu Skin family of employees and sales leaders sponsored a Feed the Children relief truck that carried much-needed supplies to those affected by the tornadoes that ravished the Oklahoma plains in the U.S. They also directed donations to help those impacted by the flooding in Alberta, Canada.

THE NU SKIN FORCE FOR GOOD FOUNDATION AND ITS CHARITABLE PARTNERS DONATED NEARLY \$5 MILLION IN 2013.

NU SKIN FORCE FOR GOOD DAY

NU SKIN FORCE FOR GOOD DAY MAKES A WORLDWIDE IMPACT

On June 5, the global Nu Skin family kicked off its tenth annual Force for Good Day by participating in service projects throughout the world. Here are some of the highlights of the Nu Skin family demonstrating a difference for those in need in their local communities.

EUROPE, MIDDLE EAST, AFRICA

BELGIUM

Nu Skin Belgium employees spent the day organizing and painting classrooms at Cirkus in Motion, an organization that uses circus-related arts and activities to promote individual, social, motor, and creative development. At Homevil, an organization for mentally disabled adults, employees prepared lunch and participated in various activities with the residents. Employees also helped cook and serve warm meals to those families living in poverty in Poverello. Finally, Nu Skin employees painted the classrooms at the Sint-Jan School, a nursery and primary school in Leuven.

GERMANY

Nu Skin Germany employees organized a summer party for 200 children living with cancer and their families, at the Hilfe für krebskranke Kinder Frankfurt e.V. facility.

HUNGARY

Nu Skin Budapest employees doubled their efforts by splitting up into two groups to support two local children's organizations. The first group visited a primary school in Tiszaföldvár, where most of the 220 students come from underprivileged families. Employees attended the school's children's day and supported the event by donating bathrobes and flasks for water. The second group painted the fence and playpens at the Budapest Government Children's Home for babies, infants, and handicapped children two weeks to four years old.

RUSSIA

Nu Skin Russia employees spent the day at the Khotkovo boarding school, which helps children who suffer from articulation and speech disorders. The team cleaned the area surrounding the school, landscaped, painted curbs, and played with the children.

SOUTH AFRICA

Nu Skin South Africa employees visited the Siyandlulisa Ministry, which looks after children in the surrounding communities by offering them food and clothing. Employees helped set up a new library with educational books and toys in addition to preparing food.

DENMARK

Scandinavian employees raised funds to help an orphanage in Romania.

NORTH ASIA

JAPAN

Employees supported a food drive and created school kits to help underprivileged children in the area.

KOREA

Nu Skin Korea employees volunteered at the YeongRakWon, a welfare facility for those who suffer from dementia. Employees spent the day cleaning the facility and making papier-mâché objects with the elderly.

GREATER CHINA

GREATER CHINA

The entire Greater China Nu Skin family, including mainland China, Hong Kong, and Taiwan, came together for a clothing drive. They assisted people in need by donating extra clothes to local charity partners.

SOUTH ASIA/ PACIFIC

AUSTRALIA

With cold temperatures in Australia, there were many disadvantaged children who needed warm clothing. Nu Skin employees donated unused clothing to The Smith Family Appeal, a national, independent children's charity helping disadvantaged Australians create better futures for themselves. Employees also participated in a blood drive.

INDONESIA

Nu Skin employees and sales leaders prepared and donated school kits and held a movie screening for children benefiting from the Southeast Asia Children's Heart Fund.

PHILIPPINES

The Nu Skin family planned a back-to-school event and donated school supplies to the Child Health in Life and Development (CHILD) Foundation.

MALAYSIA

Nu Skin Malaysia sponsored a blood drive with their highest recorded attendance to date. More than 250 people benefited from the blood that was donated.

SINGAPORE

Nu Skin employees in Singapore partnered with Club Rainbow Singapore to reach out to Heart's Kids and children with chronic and life-threatening illnesses. The employees helped the children build personal terrariums.

THAILAND

Nu Skin employees and sales leaders assembled 700 school kits for underprivileged students at the Nu Skin Force for Good Bann Koh Lao School.

AMERICAS

CANADA

Nu Skin Canada worked with DEBRA, a Canadian organization that assists those affected by Epidermolysis Bullosa (EB), to organize a special day for children suffering from the disease.

USA

Nearly 700 employees and their families gathered at Nu Skin's Provo headquarters to assemble learning kits and 10,000 healthy lunches for underprivileged children. Employees also cleaned 10 city blocks of the community.

Our **force for good culture** unites the Nu Skin family of distributors, customers, and employees in innovative efforts that multiply our ability to nourish and uplift children around the world. We accomplish this through the unique combination of **three distinct approaches**:

- The **Nourish the Children** initiative, an innovative social enterprise providing millions of lifesaving meals to malnourished children around the world.
- The **Nu Skin Force for Good Foundation**, which provides grants to improve the lives of children, offering hope for a life free from disease, illiteracy, and poverty.
- **Community-based initiatives** that ensure environmental responsibility and engage employees in meaningful humanitarian service with tangible and enduring results.

NOURISH THE CHILDREN

NU SKIN CORPORATE SOCIAL RESPONSIBILITY
CREATING SMILES 2013 YEAR IN REVIEW

NU SKIN®
THE DIFFERENCE. DEMONSTRATED®

IN 2013, THE NU SKIN FAMILY
PURCHASED AND DONATED MORE
THAN **56 MILLION MEALS** THROUGH
THE NOURISH THE CHILDREN INITIATIVE

NOURISH THE CHILDREN®

AN INITIATIVE OF NU SKIN ENTERPRISES

IN 2002, NU SKIN TOOK ACTION TO ADDRESS THE tragedy of childhood hunger by starting the Nourish the Children initiative. This innovative social enterprise* applies the rigor of successful business practices to provide a consistent and growing supply of nourishing food to the world's most needy children. Since the initiative was established, the Nu Skin family has donated more than **350 million meals to malnourished children.**

The concept succeeds by selling a highly nutritious food—VitaMeal®—and then allowing people to donate their purchase to third-party, nonprofit organizations that specialize in distributing food to those suffering from malnutrition and famine.

LEARN MORE ABOUT
**NOURISH THE
CHILDREN**

*The price charged for VitaMeal includes the cost of manufacturing and sales commissions to Nu Skin's sales force as well as a reasonable profit margin.

VITAMEAL[®], AN INNOVATIVE AND SUSTAINABLE SOLUTION

MORE THAN JUST A MEAL

The Nourish the Children initiative partners with charities that specialize in distributing millions of pounds of food to those in the greatest need. These partner charities leverage the positive impact of VitaMeal donations. For example, in China, Haiti, Malawi, and the Philippines, VitaMeal is part of school lunch programs that encourages families to send their children to school. Nourish the Children has also built VitaMeal plants in Malawi and China to reduce transportation costs and boost local economies. VitaMeal is used in many ways to help malnourished children and has become more than just a meal; it brings hope to many young lives around the world.

VITAMEAL OFFERS A BETTER FUTURE FOR TWIN BROTHERS

During a cold winter in 2008, twin infant brothers named Shijing and Shilin were found abandoned in rural China. The woman who found them, known as Aunt Wang, is 64 years old and has adopted more than 30 children. When Nu Skin Greater China heard of Aunt Wang's generosity, it directed sales leader and customer VitaMeal donations to support this large family. Shijing and Shilin are now six years old and eat VitaMeal every day. Aunt Wang is grateful for the generous VitaMeal donations and is very proud of her boys.

"Look at the recognition my boys have received for their efforts in school," said Aunt Wang, pointing proudly to a wall filled with awards. "Thank you, Nu Skin."

SEE HOW VITAMEAL
MAKES A DIFFERENCE IN
THE PHILIPPINES

VITAMEAL®

Nu Skin nutritional scientists and collaborators formulated VitaMeal specifically for malnourished children*. It boasts 25 vitamins and minerals and a careful balance of carbohydrates, protein, fat, and electrolytes.

The president of Malawi called it a “miracle food” because of the change she witnessed when children receiving VitaMeal were transformed from malnourished to healthy, happy children.

*These statements have not been evaluated by the FDA. VitaMeal is not intended to diagnose, treat, cure, or prevent any disease.

CREATING SMILES TOGETHER

JOINING FORCES

Nourish the Children applies the power of our distribution network to help address the problem of hunger and malnutrition. Nu Skin encourages distributors, customers, and employees to purchase VitaMeal and donate their purchase to charitable organizations that specialize in distributing food to alleviate famine and poverty. As distributors incorporate VitaMeal into each of their businesses, they not only help grow their businesses, but they also help children around the world grow strong and healthy.

To see more stories about children who have been nourished by VitaMeal, or to purchase and donate VitaMeal, visit www.nourishthechildren.com.

COMPANY DONATION MATCH

For every eight bags of VitaMeal purchased and donated, Nu Skin will donate one bag of VitaMeal. In 2013, Nu Skin donated more than 6.3 million meals of VitaMeal through the company donation match program.

NOURISHING IN TIMES OF DISASTER

VitaMeal purchases and donations are used not only in regions continually affected by poverty and malnutrition, but also in areas impacted by disaster. VitaMeal donations are used in disaster-struck areas to help reduce the risk of disease and malnutrition and to alleviate the suffering of those affected.

When the strongest storm recorded at landfall hit the coast of the Philippines in early November 2013, Nu Skin partnered with the Feed the Children and Convoy of Hope charities to immediately provide food and water supplies to those affected. In addition, before the typhoon hit, Nu Skin's family of sales leaders and customers was already purchasing and donating more than 360,000 meals every month to the Philippines through the Nourish the Children initiative. In the aftermath of the typhoon, a worldwide total of 210,000 bags of VitaMeal were distributed to those affected by this natural disaster, totaling more than six million meals donated through the initiative to date!

In 2013, the Nourish the Children initiative provided meals to children in great need.

31 MILLION meals distributed in Africa

8 MILLION meals distributed in China

6 MILLION meals distributed in the Philippines

6 MILLION meals distributed in the Americas

1 MILLION meals distributed to other countries, including Fiji, Vietnam, Armenia, and Afghanistan

SOMETHING TO SMILE ABOUT: VITAMEAL MAKING A DIFFERENCE FOR EMMA

We recently received communication from Christine Dallakian, an Armenian mother who has received assistance from the Nourish the Children initiative (NTC). When her husband passed away in 2009, she was left alone to take care of Emma. In May, Christine heard about VitaMeal and NTC and knew she must find out more about the opportunity to properly nourish little Emma. The Dallakians are two of hundreds who received assistance in Armenia and are nourished thanks to Nu Skin distributor and employee donations.

Christine writes: "Today we received VitaMeal and little Emma was very glad to get it. While I was writing this letter, my daughter was laboriously preparing VitaMeal in the kitchen and now is calling me to taste it. We really love it!"
