POSITIONING STATEMENT
Introducing ageLOC Y-Span, a revolutionary supplement that helps revitalize your aging defense mechanisms. Nu Skin’s most advanced anti-aging supplement ever, ageLOC Y-Span is designed to promote your youth span—the years you can enjoy life being more active, energetic, and healthy.*

ageLOC Y-Span—The power to defy your age.

CONCEPT
The human body is a miracle. It naturally learns, evolves, and repairs itself. In fact, it is designed to live young.

We are all born with internal aging defense mechanisms designed to resist the effects of aging. But over time, external and internal influences can disrupt natural youthful activity of these aging defense mechanisms and accelerate aging effects in the body.

No one wants to look or feel old. Even as we age, we all want our bodies and minds to continue feeling youthful and healthy. The key is to give the body what it needs so it can continue to do what it is designed to do—live young.

At Nu Skin, we have a unique understanding of how gene expression affects our aging defense mechanisms. This enables us to create products that target the sources of aging. ageLOC Y-Span promotes the optimal expression of key groups of genes and delivers enhanced nutritional benefits. It supports healthy aging defense mechanisms and provides the body with powerful, protective anti-aging support to help us age youthfully.*

The power is in ageLOC Y-Span’s innovative ingredient blend that provides nutrients not readily available even from a healthy diet. We carefully selected ingredients for their unique health benefits and ability to positively impact gene expression. The result: an innovative formula that strengthens and supports our aging defense mechanisms. ageLOC Y-Span gives you the power to defy your age.*

AGING INSIGHTS
• The aging population is increasing and younger people want to avoid early signs of aging.¹
• Seniors are not accepting traditional “elderly” stereotypes. They want to retain—or regain—their youth. They may have aged in years, but their attitudes are as young as ever.²
• Today’s grandparents don’t feel like they look or act like the grandparents of a generation ago.²
• Many seniors are delaying retirement to help them stay active and maintain their current lifestyles.³
• 25–35 year olds take a very hands-on approach to their health care, often turning to the Internet for more information on their health and supplement options.⁴
• Many parents are having children later in life and worry about maintaining their health and energy levels.⁵

WHAT MAKES THIS PRODUCT UNIQUE?
• Our most advanced anti-aging supplement ever, ageLOC Y-Span targets our innate ability to resist aging at its source.*
• Contains a unique blend of nutrients that is not readily available even from a healthy diet.*
• Built on more than three decades of scientific knowledge.*
• Created with our scientific understanding of the expression of key groups of genes related to the aging process, as well as antioxidant and nutritional science.*
• Positively modulates gene expression to support healthy aging defense mechanisms.*
• Influences multiple aging defense mechanisms to provide broad-spectrum nutritional benefits.*
• It is SCS certified. Measure the antioxidant difference ageLOC Y-Span is making in your body.*

PRIMARY BENEFITS
1. Our most advanced anti-aging supplement ever, ageLOC Y-Span targets our innate ability to resist aging at its source.*
2. ageLOC Y-Span positively modulates gene expression with a unique blend of nutrients that are not readily available even from a healthy diet.*
3. ageLOC Y-Span influences multiple aging defense mechanisms to provide broad-spectrum nutritional benefits and to promote healthy systems:*  
   • Systemic balance  
   • Cellular response  
   • DNA integrity  
   • Systemic cytokine responses  
   • Antioxidant protection  
   • Brain  
   • Eyes  
   • Heart  
   • Skin  
   • Immune function  
   • Bones  
   • Joints  
   • Lipid metabolism  
   • Physical performance

WHO SHOULD USE THIS PRODUCT?
Men and women aged 18 and above who want to maintain their youth and live a healthier and more youthful life.

COMPLEMENTARY PRODUCTS
ageLOC® R—helps you renew and recharge with two powerful formulas. ageLOC R² Day optimizes cellular energy production*, and ageLOC R² Night optimizes each cell’s natural purification process.*

LifePak®—provides critical nutrients needed for the body’s optimal cellular function. Targeting needs at the cellular level, it provides the body with optimal levels of nutrients that are essential for vigor and vitality. It also provides dietary sources of antioxidants for added protection from oxidative stress. LifePak provides ultimate antioxidant protection and ageLOC Y-Span revitalises your aging defense mechanisms to promote your youth span – the years you can enjoy life being more active, energetic, and healthy* to help you feel healthier, younger, and more vibrant.*

g3™—this gâc superfruit blend is validated by science to support cellular rejuvenation and immune health. Deliciously sweet, yet slightly tart, g3 provides powerful antioxidant protection while supporting healthy immune function.*

Pharmanex Solutions Products—provide targeted benefits to complement the anti-aging benefits of ageLOC Y-Span.

Please read all information and warning labels when combining supplements and consult your physician if you have any questions of concerns about your supplementation regimen.

FREQUENTLY ASKED QUESTIONS
What are aging defense mechanisms?
Aging defense mechanisms are the body’s way of fighting off and maintaining resistance to aging aggressors by promoting the healthy regulation of damage and repair processes. As we age, changes in gene expression cause the body’s aging defense mechanisms to decline in function, performance, and ability, ageLOC Y-Span maintains and supports the activity by positively modulating gene expression, helping us to live youthfully.*

What is contained in the ageLOC Y-Span ingredient blend that is hard to find in a regular diet?
Our ingredient screening led to the identification of several natural ingredients not common in foods consumed on a regular basis, even among individuals who strive to eat a healthy diet. Ingredients that meet our unique criteria are purple corn extract,1† alpha lipoic acid,1,6,7 D-limonene,* CoQ10,1 citrus bioflavonoids and resveratrol. Other ageLOC Y-Span ingredients, although found in healthy diets, have been included in amounts consumers have a difficult time obtaining from their diet alone. These include astaxanthin,1,2,3 rosemary extract,7 EPA, DHA, vitamin D,7 and quercetin.

*Some markets use Orange Oil as a source of D-Limonene
† This ingredient not found in: 1 South & Central America; 2 Thailand; 3 Pacific Region; 4 EMEA; 5 Japan; 6 Korea; 7 Greater China

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease. www.nuskin.com
What is different about the ageLOC Y-Span capsules? ageLOC Y-Span takes advantage of a unique technology, called Licap®, that allows delivery of both liquids and solids together in a hard shell capsule. Delivering ageLOC Y-Span through this technology improves the bioavailability of fat-soluble ingredients, which helps ensure the delivery of anti-aging benefits.*

Can I take ageLOC Y-Span with LifePak? Yes, you can take ageLOC Y-Span and LifePak together. ageLOC Y-Span and LifePak were designed in different ways, with different science. We designed LifePak with the best nutritional and antioxidant science. We formulated ageLOC Y-Span using all three anti-aging science: our proprietary gene expression science combined with key antioxidant and nutritional elements for the most advanced anti-aging product possible.*

Can I take ageLOC Y-Span with ageLOC R²? Yes, you can take ageLOC Y-Span and ageLOC R² together. Gene expression science guided the development of both products, however, we assessed their ingredient blends for distinct benefits. We formulated ageLOC R² with benefits targeting cellular energy and cellular purification; whereas we formulated ageLOC Y-Span to support aging defense mechanisms, which guard against cellular response disruption, strengthen the body’s ability to protect and repair DNA, and provide more broad-spectrum health benefits.*

Can I take ageLOC Y-Span with other Pharmanex products? Yes, ageLOC Y-Span’s gene expression science and ability to remind our bodies how to be young complement our many other supplements. ageLOC Y-Span targets the sources of aging by influencing gene expression that impacts your aging defense mechanisms. It does this with a unique ingredient blend not easily found even in a healthy diet. These unique ingredients and their ability to positively modulate gene expression make ageLOC Y-Span an excellent core product and a powerful companion to your daily supplement regimen. Please consult your physician if you have any questions about your supplementation regimen.*

ageLOC Y-Span also contains the impressive aging defense properties provided by omega-3 fatty acids from fish oil.

Will ageLOC Y-Span increase my skin carotenoid score? Yes, in our ingredient selection process to identify natural substances that target aging defense mechanisms, we also identified a few ingredients that will positively impact your antioxidant status.*

Has Nu Skin conducted studies on ageLOC Y-Span? There are several ongoing researches and ageLOC Y-Span studies completed.
