LEARN MORE ABOUT IT

Do I have to use an applicator with Nu Colour Lightshine Triple Eye Maker?

Our built-in sponge applicator makes it easy to blend the three eye shadows for a single-swipe finish. But to create your own look, you can also use a shadow brush or your finger.

What is the difference between the two color palettes inside Triple Eye Maker?

Each Triple Eye Maker product comes with two different eyeshadow palettes. The first (daily) palette has more subtle colors better suited for the daytime, and the second (special) palette has more intense colors better suited for the nighttime.

How do I choose between Warm Eyes and Cool Eyes?

Warm Eyes is perfect if you prefer more bronze and gold shades. Cool Eyes is perfect if you want softer shades, like light pink and brown.
