LumiSpa® iO

Where your skin care gets smarter and your results get even more amazing. ageLOC LumiSpa iO pairs an intelligent, one-of-a-kind device that uses patented technology with powerful products. The results? You get the skin of your dreams.

MEET ageLOC LUMISPA iO

Hello, iO! ageLOC LumiSpa iO inputs smart skin care and outputs the skin of your dreams. How? Input innovative skin renewal and deep cleansing with intelligent coaching, personalized regimens, IoT technology—and more—through the Nu Skin Vera™ app. Output gorgeous, glowing, selfie-ready skin—all day, every day. In just two minutes, twice a day, you'll experience your best skin ever. You'll love your glow-boosting, instantly smoothed look—after just one use—the seven clinically proven skin benefits that amplify over time, and smart tech-nology that helps you personalize your routine. It's super intuitive. Super effective. Super-powered.

With its soft silicone treatment heads, ageLOC LumiSpa iO moves at the precise frequency needed to help promote skin renewal, revealing smoother, softer skin after just one use. It gently—yet deeply—cleanses away dirt, oil, makeup, pollutants, through its counter-rotating, pore-purifying action, leaving skin smoother and purer, while reducing the **appearance of pores. And the stimulating experience will leave you looking forward to your next treatment.**

Plus, the ageLOC LumiSpa iO system—including the device's micropulse oscillation, gentle silicone treatment heads, and activating cleansers—is microbiome friendly. LumiSpa iO respects skin's pH, helps preserve its natural moisture barrier, and doesn't disrupt skin's natural microbiome balance, no matter your age or skin type, making it ideal for those with troubled skin.

It's super-smart skin care for super-powered results.

WHY YOU'LL LOVE IT

SKIN BENEFITS

- In 1 Step, 2 Minutes, it helps to deliver seven clinically proven facial skin benefits: softness, smoothness, radiance, clarity, purified skin, reduced pore appearance, and visibly improved firmness.
- Provides instant benefits, so skin feels softer and smoother after just one use.
- Benefits intensify over time when consistently used for two minutes twice daily.
- Delivers brighter, healthier, more youthful-looking skin in as little as two weeks.
- Removes dead skin, helps in promoting dynamic skin renewal and improved skin brightness and smoothness while retaining skin's natural moisture balance as it cleanses.
- Gentle enough for twice-daily use on the face, neck, and décolleté.
- When used in the morning, LumiSpa iO energizes skin for a fresher, smoother, more rejuvenated complexion.
- When used at night, LumiSpa iO deeply cleanses and helps de-stress skin.
- Designed to be microbiome friendly—LumiSpa iO respects skin's pH, helps preserve its natural moisture barrier, and doesn't disrupt skin's natural microbiome balance, regardless of age or skin type.

WHAT POWERS IT

DEVICE FEATURES

- A smart, rechargeable handheld personal skin care device with Bluetooth that pairs with the Nu Skin Vera app.
- Features three treatment heads to personalize to your needs.

Gentle

Normal

Firm

- These soft, nonabrasive silicone surfaces contain antimicrobial silver and are more hygienic than brushes which are commonly used with skin care devices. The sophisticated designs help to maximize product efficacy while making skin more receptive to subsequent products.
- Goes beyond cleansing with proprietary Micropulse Oscillation technology, a pore-purifying action that draws out dirt, oil, makeup, pollutants and lifts them away without irritating skin. Plus, it helps support healthy skin, promoting dynamic skin renewal, and improved skin brightness, texture, and pore appearance.
- Smart device sensors recognize which treatment head is attached and alert you when it's time to replace it.
- Intelligently guides you to use the correct treatment pressure and motion.

LUMISPA ACTIVATING CLEANSERS

- Optimally designed for LumiSpa iO, the activating cleansers are proven to maximize the skin perfecting and cleansing benefits of the device.
- 5 cleanser options designed for different skin types: dry, normal to combination, oily, sensitive, and blemish prone.
- Specifically formulated to enable the precise cushioning, cleansing, and interaction with the skin, optimizing the effectiveness of LumiSpa's proprietary treatment head action.
- Activating cleansers formulated with Nu Skin's proprietary ageLOC ingredient blend to target the sources of aging and helps preserve the look of youth.

Choose & Personalize To Your Skin

ageLOC LumiSpa Activating Cleanser—Normal/Combo contains Milk Thistle (*Silybum Marianum* Seed) Oil, *Porphyra Umbilicalis* Extract, and *Nannochloropsis Oculata* Extract to help maintain skin's natural moisture barrier, as well as *Rhododendron (Ferrugineum)* Extract to provide antioxidant protection.

ageLOC LumiSpa Activating Cleanser—Oily contains Japanese Knotweed (*Polygonum Cuspidatum* Root) Extract, Myristyl Alcohol, and PCA to help reduce oil production and soothe the skin, as well as Pomegranate (*Punica Granatum*) Juice Extract and Carnosine to provide antioxidant protection.

ageLOC LumiSpa Activating Cleanser—Dry contains Sodium Lactate, Sodium PCA, Glycine, Fructose, Niacinamide, and Inositol to help protect skin's natural moisture, Squalane to help maintain skin's natural moisture barrier, and Salicyloyl Phytosphingosine to soothe the skin.

ageLOC LumiSpa Activating Cleanser—Sensitive is our most gentle formula. It is a pink gel cream formulated with a mild surfactant system, which results in a low foam. It contains *Avena Sativa* (Oat) Kernel Extract, *Pinus Tabulaeformis* Bark Extract (which contributes to the pink color), and Bisabolol to help calm and soothe delicate skin. Allantoin also helps to condition the skin.

ageLOC LumiSpa Activating Cleanser—Blemish Prone is a mild formula that contains 0.5% salicylic acid to help clear pores and reduce most breakouts. It is low-foaming to prevent additional skin irritation. It also contains Carnosine to provide antioxidant protection and *Epilobium Angustifolium* Flower/Leaf/Stem Extract that can help calm and support acne-prone skin. It is clinically proven to help mitigate blemish breakouts and help the skin look smoother when used with ageLOC LumiSpa and its gentle treatment head.

NU SKIN VERA™ APP FEATURES

- Synchronized treatments and how-to videos lead you every step of the way to youthful, healthy-looking skin care success.
- With smart sensors and a connected app, get added intelligent guidance about your treatment pressure, movement, and coverage.
- Send and save personalized treatments from your phone to your device with the app or create your own treatment by adjusting the time and facial areas.
- Get personalized product recommendations that help

you reach your personal skin care goals.

- See your skin's progress over time—fast results week-to-week to month-to-month, and any day in between with the selfie timeline.
- Easy reordering so you always have your favorite treatment head and activating cleansers on hand.
- Usage trends, insights, and awards to keep you on beauty task.
- Enjoy ongoing optimization through both app and device updates.

CLINICALLY PROVEN RESULTS

1. In a 12-week clinical study, clinical grading noted that individuals who used ageLOC LumiSpa iO experienced improvements in the skin:
 - Softness
 - Smoothness
 - Radiance
 - Clarity
 - Purified skin
 - Reduced pore appearance
 - Visibly improved skin firmness
- Participants noticed several of these improvements after a single use.
2. ageLOC LumiSpa iO Blemish system can help mitigate blemish breakouts and help the skin look clearer. A 12-week clinical efficacy study revealed that individuals who used the blemish system—ageLOC LumiSpa iO with the gentle head and ageLOC LumiSpa Activating Cleansers—Blemish-Prone saw skin improvement by 71%.
 3. ageLOC LumiSpa iO is clinically shown to effectively cleanse and rejuvenate the skin without disrupting its natural microbiome.
 4. According to a clinical study, taking Inner Focus™ Collagen Plus helps prepare the skin for improved results and is clinically proven to nearly double the visible texture benefits, including radiance, texture, and firmness compared to a LumiSpa iO regimen alone.

HOW TO USE IT

Use ageLOC LumiSpa iO morning and night as your cleansing step. Moisten your face and then dispense an ample amount of cleanser onto your hand. Apply evenly to your face and then cleanse with your LumiSpa iO device for two minutes. Follow with your preferred toner, serum, and moisturizer.

Attach treatment head to the ageLOC LumiSpa iO

device before you start:

1. Moisten face with water.
2. Apply ageLOC LumiSpa Activating Cleanser to all areas of the face.
3. Wet treatment head and press the power button to turn on device.
4. Slowly glide the treatment head back and forth over one of the areas of your face using broad strokes.

Tip: Do not use a scrubbing motion or press too hard.

5. Spend 30 seconds on each quadrant of your face. The device will pause quickly three times every 30 seconds to prompt you to move from one area of the face to the next.
6. When it's done, the device will stop and turn off automatically. Rinse your face with water to remove residual activating cleanser.

TRY THESE WITH IT

- ageLOC Galvanic Spa®—uses direct/galvanic currents to rejuvenate your complexion and increase skin vibrancy.
- ageLOC Me®—creates an entirely new approach to customized anti-aging skin care. Brilliant yet simple to use, ageLOC Me delivers five powerful anti-aging products, custom selected from almost 2,000 possible regimen combinations. Delivering one streamlined, simplified regimen to you.
- ageLOC® LumiSpa® Accent & IdealEyes®—a LumiSpa attachment and eye cream duo that harnesses the technology of ageLOC LumiSpa to improve skin appearance around the eye area.

FREQUENTLY ASKED QUESTIONS

How does ageLOC LumiSpa iO work?

With its soft silicone treatment head, ageLOC LumiSpa iO's proprietary Micropulse Oscillation technology enables the device to move at the precise frequency to promote skin renewal, revealing smoother, softer skin after just one use. At the same time, it gently yet thoroughly cleanses away dirt, oil, makeup through its patented counter-rotating, pore-purifying action, leaving skin smoother and purer while reducing the appearance of pores.

What makes ageLOC LumiSpa iO unique?

1. Unlike other cleansing devices currently on the market, which feature abrasive brush or bristle heads, ageLOC LumiSpa iO features a gentle, more hygienic silicone treatment head that won't harm the skin.
2. ageLOC LumiSpa iO features Micropulse Oscillation technology to stimulate the skin and cleanse it, and deliver skin renewal benefits more effectively.
3. ageLOC LumiSpa iO is a dual-action, time-saving device that delivers a superior skin-perfecting treatment and deep cleansing benefits simultaneously.
4. ageLOC LumiSpa iO connects to the Nu Skin Vera™ app to optimize your skin care journey with personalizable treatments, intelligent coaching, awards, and a selfie timeline.

What is IoT and what does it mean for my ageLOC LumiSpa iO?

IoT literally means “internet of things,” or physical objects designed to connect. For you, it means ageLOC LumiSpa iO now includes Bluetooth that allows the device to connect with the Nu Skin Vera™ app on your phone. This new technology unlocks a new world of possibilities and experiences. And it's what helps make your ageLOC LumiSpa iO so smart. Device sensors can detect when it's time to replace the treatment head or when you're applying too much pressure or scrubbing too quickly during your routine. You can also save personalized routines between your device and Nu Skin Vera. Think of it as optimization for skin beautification.

Do I have to connect with the app to use my ageLOC LumiSpa iO?

You'll still enjoy all the great skin beautifying benefits if you don't connect. However, ageLOC LumiSpa iO is created to connect so you'll want to benefit from all the features created exclusively for you, including smart tracking, custom routines, usage prompts, and selfie timelines.

How do I pair my ageLOC LumiSpa iO with the app?

To get started, download the Nu Skin Vera app from your preferred app store and open the app on your phone. After signing in with your Nu Skin account, go to the Products tab, tap the + button on the My Products page, and select Pair New Device. The app will guide you through the pairing process.

How do I reset my ageLOC LumiSpa iO?

ageLOC LumiSpa iO can be paired with one mobile device and Nu Skin account at a time, so you may occasionally

need to reset your device.

SOFT RESET: A soft reset allows LumiSpa iO to pair to a new device while maintaining your device settings. To perform a soft reset, connect your LumiSpa iO to power and press and hold the power button for 5 seconds. Release the power button when all the front lights flash blue twice. Please note, LumiSpa iO must be paired with the same Nu Skin account after a soft reset.

HARD RESET: To remove your device settings and to allow your LumiSpa iO to pair with a different Nu Skin account, perform a hard reset by connecting LumiSpa iO to power and holding the power button for 10 seconds. Release the power button when all the front lights flash orange four times.

How do I know which ageLOC LumiSpa iO treatment head is right for me?

Select your ageLOC LumiSpa iO treatment head based on your skin type and treatment needs. Each treatment head removes impurities and purifies skin, delivering a gentle experience ideal for a variety of skin types. The Gentle treatment head is our gentlest choice and is great for those with sensitive or blemish-prone skin. The Normal treatment head is the standard choice and is designed for most skin types. And the Firm treatment head is for those who want the most aggressive experience but is not recommended for those with sensitive or blemish-prone skin. You can use different heads for different experiences each day. ageLOC LumiSpa iO Accent is designed specifically for the eye area.

How long will my ageLOC LumiSpa iO treatment head last?

A treatment head is designed to last for at least three months when used twice a day. With smart sensors, the LumiSpa iO device will track each treatment head's actual usage and prompt you when it's time to replace it.

Do I need to use the ageLOC LumiSpa activating cleansers with ageLOC LumiSpa iO, or can I use other treatment formulas or cleansers with it?

ageLOC LumiSpa activating cleansers are specifically formulated for use with the ageLOC LumiSpa iO device. They enable the precise cushioning, cleansing, and interaction with the skin, optimizing the effectiveness of LumiSpa iO's proprietary treatment head action. They are the only formulations tested and approved for use with LumiSpa iO to deliver the full system benefits of Micropulse

Oscillation technology and promote healthy, youthful-looking skin.

How does ageLOC LumiSpa iO work with the activating cleansers?

We specifically developed the activating cleansers to use with ageLOC LumiSpa iO. They're designed to work synergistically with the oscillating motion of the heads to optimize distribution of anti-aging ingredients onto the skin while cleansing and exfoliating to promote healthy, youthful-looking skin.

Are there any patents on ageLOC LumiSpa iO?

Yes, there are multiple patents for ageLOC LumiSpa iO and the proprietary Micropulse Oscillation technology.

Does ageLOC LumiSpa iO treat acne?

The system was developed to promote healthy, youthful-looking skin and deliver general skin renewal and purification benefits. While ageLOC LumiSpa iO was not designed to treat acne, when combined with ageLOC LumiSpa Activating Cleanser—Blemish-prone, which contains 0.5% salicylic acid, it was seen to help decrease blemish by up to 71% in 12 weeks. Those treating severe acne should continue with their regular skin care regimen and consult a dermatologist before using ageLOC LumiSpa iO.

How long should the activating cleanser last?

One activating cleanser should last 30 days. It's important to use an ample amount of activating cleanser to ensure the device can properly interact with your skin.

Do I need to wash my makeup off before using ageLOC LumiSpa iO?

ageLOC LumiSpa iO conveniently and effectively cleanses away makeup, so you do not need to remove your makeup before using the device. However, some people may like to double cleanse to remove heavy makeup. In that case, you may want to use another cleanser or use your LumiSpa iO twice. Please note that LumiSpa activating cleansers should not be used on the eye area, so you should use a separate eye makeup remover to remove makeup on and around the eyes.

How do I know if I'm using the right motion and right amount of pressure?

It's best to move the device across your skin in slow, broad strokes. But both the device and the app can prompt you in using the proper motion and right amount of pressure.

If you use a scrubbing motion, the treatment head will pause and vibrate three times before resuming. If you press too hard, the treatment will pause, followed by one long vibration before resuming. Depending on your routine, you will receive a prompt to move from one area of the face to the next.

Where can I use my ageLOC LumiSpa iO?

ageLOC LumiSpa iO was designed to target face, neck, and décolleté skin and deliver anti-aging and deep cleansing benefits in these areas. We do not recommend using it elsewhere on the body. For gentle skin around your eyes, try ageLOC LumiSpa iO Accent and ageLOC LumiSpa IdealEyes®.

Can I use ageLOC LumiSpa iO in the shower?

To prolong the life of your ageLOC LumiSpa iO, do not use the device while showering, do not drop the device, wash with high-pressure jets, or submerge the device in water for extended periods of time.

Does my ageLOC LumiSpa iO need the stand to charge?

You may have noticed that ageLOC LumiSpa iO doesn't include a stand. Thanks to the updated design and new charger, the stand is no longer necessary for charging. If you prefer to store your device in a stand, it is available for purchase.

How long does ageLOC LumiSpa iO last after a full charge with the magnetic charger?

ageLOC LumiSpa iO typically lasts at least a week between charges with regular use.
