LumiSpa® iO

ACCENT

Where your skin care gets smarter and your results get even more amazing. ageLOC LumiSpa iO pairs an intelligent, one-of-a-kind device that uses patented technology with powerful products. The results? You get the skin of your dreams.

MEET ageLOC LUMISPA iO ACCENT

Get bright, ready-for-anything eyes with ageLOC LumiSpa iO Accent. This one-of-a-kind, additional treatment head pairs perfectly with LumiSpa iO. And when connected to the Nu Skin Vera™ app, Accent allows you to select from saved treatments that optimize its effectiveness. The soft treatment tip gently exfoliates the skin while deeply stimulating the delicate area around the eyes. Paired with ageLOC® LumiSpa® IdealEyes® Accent delivers an invigorating treatment and an instant burst of hydration, visible firming, and the wide-awake radiance you want every day. Target undereye bags, puffiness, and dark circles twice daily for a refreshed, well-rested look.

WHY YOU'LL LOVE IT

- Gently stimulates skin to help maximize ageLOC LumiSpa IdealEyes benefits.
- Uses proprietary LumiSpa technology to deliver ingredients to the delicate eye area while treating and stimulating skin.
- Promotes the appearance of stronger, healthier skin.
- Refines fine lines and wrinkles for a youthful look.
- The spot treatment tip is made of the softest silicone available for gentle use on delicate skin around the eyes.
- Embedded with antimicrobial silver in the silicone tip to make cleaning as easy as possible.
- When connected to Nu Skin Vera app, you can select from saved treatments that optimize Accent's effectiveness.

MEET ageLOC LUMISPA IDEALEYES

Goodbye bags, hello bright eyes. ageLOC LumiSpa IdealEyes Activating Eye Cream is specially designed to

work with ageLOC LumiSpa iO Accent to deliver powerful benefits to the delicate skin around your eyes. Just 30 seconds on each eye area provides immediate hydration, visible firming, brightening, and smoothing.

WHAT POWERS IT

- **Peptide Complex**—helps visibly firm and tone delicate skin.
- **Tetrahexyldecyl Ascorbate**—a stable, powerful form of vitamin C that has well-known anti-aging benefits for lines, wrinkles, and discoloration. Protects against free radical damage, brightening the eye area.
- **Plankton Extract**—helps decrease the appearance of pigmentation in the undereye area and visibly increase skin tonicity. Supports the skin's natural recovery process.
- **Squalane**—prevents moisture loss while restoring skin's suppleness and flexibility.
- **Antioxidant Complex**—protects skin against daily environmental stress.
- **ageLOC Proprietary Blend**—an anti-aging complex that targets the sources of aging to preserve the look of youth.

*See ageLOC® LumiSpa® IdealEyes® Product Information Page for full details.

CLINICAL RESULTS THAT PROVE IT

The clinical grader was able to identify statistically significant benefits in the undereye area in as early as week two for appearance of bags and puffiness and eight weeks for undereye circles. By the end of the 12-week study, subjects were visibly graded with a 19% reduction in undereye circles, 25% reduction in appearance of undereye bags, and 25% reduction in the appearance of undereye puffiness.

Clinical Grader

While more difficult to target, clinical grading also illustrated visible benefits above the eye in lifting, firmness, and crepiness of the eyelid. Lifting and crepiness improvements were noted at week four with the system. By week 12, these visible improvements increased to 43% for lifting, 18% for firmness, and 30% for crepey appearance.

2

HOW TO USE IT

1. Use morning and night.
2. Apply ageLOC® LumiSpa® IdealEyes® to clean skin around the eyes (not on the eyelids or eyes themselves).
3. Attach Accent and start treatment on the device. Following the bone structure around the eye, glide LumiSpa iO Accent around the eye area using slow, gentle motions. Avoid placing the Accent tip directly on eyelids. Do not scrub or move across the skin quickly.
4. The device will recognize the Accent head and pause briefly after 30 seconds, indicating that it's time to move to the next eye area. After completing both eye areas, the device will automatically stop.

Note: Do not use Accent directly on bare skin. Use only with ageLOC LumiSpa IdealEyes.

TRY THESE WITH IT

- ageLOC® LumiSpa® iO + Treatment Cleansers
- ageLOC Me®
- ageLOC Boost™
- ageLOC Galvanic Spa®
- Tru Face® Line Corrector
- ageLOC® Tru Face Essence Ultra

LEARN MORE ABOUT IT

How does ageLOC LumiSpa iO Accent work?

With its soft silicone treatment tip, ageLOC LumiSpa iO Accent extends LumiSpa technology to move at the precise frequency to promote healthy, brighter skin around the eyes—in just one minute. The tip gently stimulates the skin around the eye, helping ageLOC LumiSpa IdealEyes nourish and treat this delicate area.

What makes ageLOC LumiSpa iO Accent unique?

ageLOC LumiSpa iO Accent is different in five key ways:

1. It targets the delicate eye area.
2. It uses proprietary LumiSpa technology to gently stimulate the delicate skin around the eyes.
3. It works with specially formulated ageLOC LumiSpa IdealEyes® to speed up and boost benefits to the delicate skin around your eyes, compared to using IdealEyes alone.
4. When connected to Nu Skin Vera app, you can select from saved treatments that optimize Accent's effectiveness.
5. When connected to Nu Skin Vera app, users will enjoy a selfie timeline, usage tracking and rewards, and intelligent coaching.

How does ageLOC LumiSpa iO Accent work with ageLOC LumiSpa IdealEyes?

ageLOC LumiSpa IdealEyes was specifically developed to use with LumiSpa iO Accent. They're designed to work together with the motion of the silicone tip to gently stimulate skin, boosting and increasing the speed of benefits.

Are there any patents on ageLOC LumiSpa iO Accent?

Yes, there are multiple patents issued for ageLOC LumiSpa iO and ageLOC LumiSpa iO Accent.

Do I need to use ageLOC LumiSpa IdealEyes with ageLOC LumiSpa iO Accent, or can I use other eye creams with it?

ageLOC LumiSpa IdealEyes is specially formulated to use with ageLOC LumiSpa iO Accent. ageLOC LumiSpa IdealEyes enables precise cushioning and interaction with the skin and helps provide better and faster results compared to using products alone. IdealEyes is the only formulation tested and approved for use with ageLOC LumiSpa iO Accent to deliver the full system benefits and promote healthy, brighter skin around the eyes.

Do I need to wash my makeup off before using LumiSpa iO Accent?

Yes. Make sure to use ageLOC LumiSpa iO Accent after cleansing and toning your face.

Can I use ageLOC LumiSpa iO Accent on my body?

ageLOC LumiSpa iO Accent was designed to target the delicate skin around your eyes. We do not recommend you use this attachment anywhere else on your body.

How often should I replace my ageLOC LumiSpa iO Accent silicone tip?

We recommend you replace your ageLOC LumiSpa iO Accent tip every three months to ensure you have the best experience.
